HONOR CAMP ESCAPEE GETS OUT

Gerald E. Baucum, 30, waves farewell at San Quentin Prison today on parole. He escaped from an honor camp in 1956 by flying a stolen plane to Oregon. He voluntarily returned to prison last October after confessing his escape to his wife. Today he is en route to John Day, Ore., and a job. "Now I can live with a clear

conscience and I have no fear of the future," he said. He escaped from a Siskiyou County honor camp after having served 3½ years of a five-to-life sentence for a San Francisco grocery holdup. Waiting in the car is his attorney, Harold W. Tobin of San Francisco. (Independent-Journal photo)

Corte Madera Council Studies \$344,916 Preliminary Budget

The Corte Madera Town Council tonight will start an item-by-item review of a preliminary 1959-60 budget of \$344,916, proposed by Town Manager Arthur H. Brandow.

In his letter of transmittal to the council, Brandow recommends no increase in the town's current tax rate of \$1.48 per \$100 assessed valuation. Exclusive of a proposed \$25,000 operating reserve, the tentative budget calls for ex-

penditures totaling \$319,916, an increase of \$107,683 over the amount budgeted for 1958-59.

BUDGET BREAKDOWN

A breakdown of the budget by major headings shows these proposed expenditures (current budget totals listed in parentheses):

General government, \$56,184 (\$45,972, in 1958-59); police department, \$33,303 (\$33,354); fire department, \$15,271 (\$30,559); building inspection and zoning administration, \$8,300 (\$7,720); street department \$150,941 (\$70,146); flood control system, \$25,158 (\$9,595); park and recreation, \$27,454 (\$14,887), and unappropriated reserve, \$3,305 (zero in 1958-59).

Brandow estimates the town will have \$71,080 in cash on hand as of July 1. He lists anticipated 1959-60 revenue as \$273,836.

TAX REVENUES

Property taxes, he estimates, should yield revenue of \$121,266, while the sales tax should bring \$50,000.

The manager also lists these revenue estimates: Licenses and fees, \$20,000; fines and penalties, \$3,100; franchise receipts, \$4,200; revenue from other agencies (state gas tax, in lieu vehicle tax, county and state subventions, etc.) \$72,770, and miscellaneous receipts, \$2,500.

Brandow proposes that the recommended \$1.48 tax rate be broken down as follows: General government rate, \$1; park rate, 16 cents (currently 15 cents); flood control rate, 20 cents; recreation rate, 3 cents, and bond interest and redemption rate, 9 cents (currently 10 cents).

Crowd Of 20,000 Enjoys 'Greatest' Western Weekend

Novato's just-ended fourth annual Western Weekend, attracting an estimated 20,000 persons, today is being acclaimed "the greatest ever" by officials.

George Harrison, general chairman for the weekend and president of the sponsoring Novato Junior Chamber of Commerce, reports that the number of spectators who turned out matched optimistic pre-weekend hopes.

From Friday night's folk

dance festival to yesterday's Wild West Rodeo, record-shattering crowds were reported.

Thousands of western-garbed spectators lined Grant avenue Saturday afternoon in 100-degree weather to watch the annual Western Weekend parade. The crowd was more than double that for last year's parade, according to estimates, including

HAFB Airman Killed In Crash At Sebastopol

A 20-year-old Hamilton Air Force Base airman was killed instantly early yesterday when the car he was driving crashed into a culvert near Sebastopol in Sonoma County.

A/2c Robert C. Leach died in the one-car crash. A passenger, A/1c Percy Merrill, 34, escaped with cuts, bruises and a possible concussion. He was reported in good condition today at Hamilton Air Force Base Hospital after being transferred there from Sonoma County Hospital in Santa Rosa.

Merrill is assigned to the 78th Transportation Squadron at Hamilton, also Leach's squadron.

California Highway Patrolmen in Santa Rosa said the car apparently went out of control on a curve on Highway 12, some 50 feet west of the Petaluma-Santa Rosa railroad tracks near Sebastopol.

It crashed broadside into the culvert, throwing both airmen clear before flipping end-over-end into an open field. Merrill was taken to the Santa Rosa hospital by ambulance. Leach's body was taken to the O'Leary Funeral Home in Sebastopol.

Leach was unmarried. He is survived by his parents, Mr. and Mrs. Fred P. Leach of Paulette, Vt.

Four Youths Sentenced To Life For Rape

TALLAHASSEE, Fla. (AP)—All four white youths convicted of raping a Negro coed were handed life prison sentences today by Circuit Judge W. May Walker.

Life sentences were the maximum possible under the June 14 verdict of guilty with a recommendation of mercy.

The electric chair would have been automatic if the jury had returned a verdict of guilty without a recommendation of mercy. No white man ever has gone to the chair in Florida or any other state for raping a Negro.

In pronouncing sentence the white-haired 54-year-old jurist told the four he had never imposed less than a death sentence or life imprisonment on conviction of rape.

The four youths paled as the sentence was pronounced but showed no other trace of emotion.

Under Florida law, parole from a life sentence is possible after six months but lifers convicted of rape customarily serve at least 10 years before being considered for parole.

Marin City Girl Selected As NAACP Queen

Noel Beard, 17-year-old daughter of Mr. and Mrs. Moses Beard of Marin City, was crowned queen of the Northern Area conference of the National Assn. for the Advancement of Colored People at the third annual coronation ball in San Francisco Saturday evening.

She competed against candidates from NAACP chapters throughout Northern California.

Newly graduated from Tamalpais High School, she is also an honor student and an accomplished violinist.

The Beard family has lived in Marin City for many years and Mrs. Beard is a member of the Marin City Tenants Council and the executive committee of the Marin City NAACP Chapter.

Her victory carries with it a scholarship and several gifts.

Runner-up in the contest was Eunice Jackson, 23, of San Francisco who also received a scholarship. She is employed as a group supervisor with the Internal Revenue Service.

The Marin campaign had been handled by a committee headed by Mrs. Woodie White of Marin City as chairman.

School Of Sharks Sighted Off Marin

Huge Fish Shot By Ft. Baker

Ocean swimmers of Marin County were given a bad case of jitters yesterday after a school of sharks was sighted off Dillon's Beach by the pilot of a light plane.

The sighting by R. V. Deering of Sonoma County came 48 hours after a 12 to 14 foot shark was shot off Ft. Baker by Marin Sheriff's Sgt. Sidney Weber.

During an off-duty fishing expedition Friday Weber and Deputies Harold Sleezer and David Greeson reeled in 10 other sharks, the largest a three-foot leopard shark.

The Coast Guard in San Francisco received a call at 1:30 p.m. yesterday from a private pilot who identified himself as Deering. He reported seeing 12 to 14 large sharks lurking in the ocean waters near Dillon's Beach.

(In San Francisco, Mayor George Christopher vowed an investigation into a way to protect swimmers from shark attacks, and he was supported in Marin by Walter D. Castro, chairman of the County Board of supervisors.

(Castro said, "We have to protect our swimmers. San Francisco will have our full support to see that something is done.")

Word of the sighting was relayed via the Marin Sheriff's Office. Members of the Gibbs Lawson family, which operates the private resort at Dillon's Beach, promptly spread the alarm to swimmers, "suggesting" they get out of the water. Many heeded the warning.

Contrary to published reports, the Marin County Fire Department did not send a public address system to Dillon's Beach to broadcast a shark warning. A spokesman said the department does not have such equipment.

The three sheriff's officers who encountered sharks off Fort Baker described the largest as being grayish brown, with a white belly, dorsal fins and "fierce teeth in an enormous mouth."

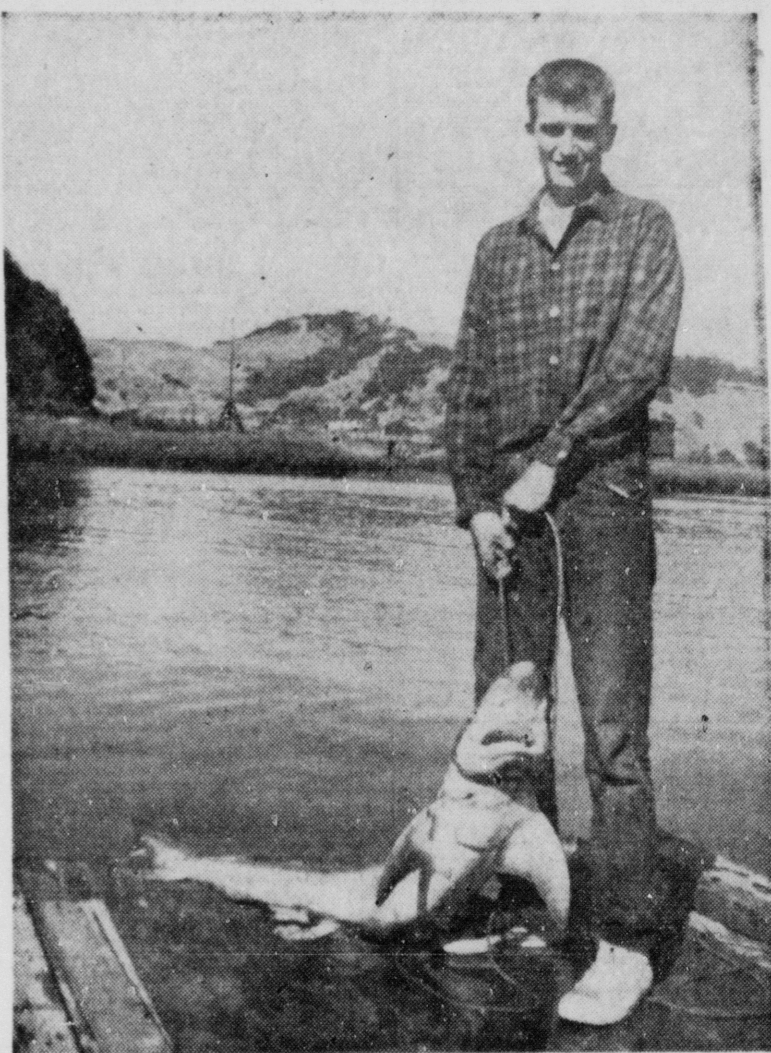

Sergeant Weber shot the shark four times in the head with a .45 caliber revolver. He fired when it surfaced briefly before snapping Deputy Greeson's fishing line. Greeson had fought the fish for half an hour.

The officers said the incident occurred by Point Cavallo, about a quarter-mile inside the Golden Gate. They were fishing from an outboard motorboat.

The big shark was "probably not a man-eater," said William E. Ripley, assistant chief of the Marine Resources Branch, state Department of Fish and Game.

From its description, Ripley said, it appeared to be a six-gill or seven-gill shark, common in Northern California waters.

He said man-eaters of the type which killed young Albert See SHARKS, page 4

Mercury Hits 100 As Summer Begins

The first day of summer sized into Marin yesterday, and the sweltering 100-degree temperatures brought about at least two collapses from the heat.

Yesterday's heat followed a similar onslaught Saturday.

Two-year old Robert Hinsch was given emergency treatment for severe heat stroke by Park Ranger Jack Schlatter at the Samuel Taylor State Park. The unconscious youngster responded to artificial respiration until a resuscitator arrived.

The boy was taken to Ross General Hospital for treatment and released. He is the son of Mr. and Mrs. Albert Hinsch of Pacifica.

Mrs. Emery O'Donnell of San Rafael fainted Saturday after-

noon at Novato's Western Weekend where the mercury climbed to 90. She was treated at Marin General Hospital. Hospital emergency rooms were plagued by a rash of minor emergencies brought on by heat.

Woodacre and San Anselmo temperature readings reached 100 Saturday and the mark was equalled in Novato on Sunday.

Maximum temperatures elsewhere in the county yesterday were: Mill Valley, 80; Belvedere, 89; Tamalpais Valley, 89; top of Mt. Tamalpais, 91.

In San Rafael, the mercury was 94 yesterday. The high temperature Saturday was 87. The outlook is for more of the same but slightly cooler today, tonight and tomorrow.

Lawsuit Bares Alleged Fraud Of \$½ Million

A civil suit for damages growing out of alleged fraud involving more than half a million dollars has been filed against a Mill Valley couple in Marin Superior Court.

The defendants are Walter I. Merila and his wife Glory D. Merila of 20 Heather way, Mill Valley.

The suit, filed by the Minnesota firm of Manufacturers Alliance Corp. and three of its officers, Edward A. Polzin, Warren T. Hagerty and Stephen G. Palmer, alleges that the Merilas collected commissions in the approximate amount of \$75,000 on fictitious sales of

the company's vending machines.

It also alleges that the Merilas "carried on a systematic course of thievery on the plaintiffs," through inducing them to make "fraudulent investments," etc., and thereby "embezzled from the plaintiffs the sum of \$500,000 or more."

Supplementary documents filed in connection with the suit further allege that the Merilas left Minnesota hurriedly to avoid service of papers in connection with a lawsuit over the alleged fraud, and later departed speedily from Honolulu for the same reason.

Warehouse Strike Ends

RICHMOND (UPI) — Safeway Stores warehousemen returned to their jobs here today with a 30-cent hourly wage increase and a new vacation plan.

Teamster Local 315, representing the warehousemen who work at the company's largest distributing center here, settled its three-day strike with Safeway officials late Saturday.

The union had sought a 45-cent hourly increase in wages. The 30-cent raise gives employees \$2.53 per hour for a 40-hour week.

Employees now receive a three-week vacation after five years employment. The old employment requirement was 10 years.

Motorcycle Hit, Youth Injured

Robert D. Bedecarrax, 17, of San Rafael, suffered fractures of the left leg and both wrists Saturday when the motorcycle he was riding in Mill Valley was hit by a car backing from a driveway at 197 Miller avenue.

Police said the car was driven by Mrs. Nadine A. Robertson of the Miller avenue address.

Bedecarrax also suffered multiple bruises and abrasions of the thighs in falling from the motorcycle. He was admitted to Marin General Hospital. The youth is employed by Trailorboat Engineering Co. in San Rafael. He lives with an aunt at 33 Redding way.

Bridge Builder Was 'Raised On Blueprints'

PASADENA (AP)—The best way to appreciate the graceful lines of a bridge, says Guy F. Atkinson, is to stand beneath it.

"You have to get underneath to get the feeling of the flow of all that cement, and the rise and sweep of the arches," he explains.

Atkinson should know. He's built a lot of them, including the much-admired Pioneer Bridge over the Arroyo Seco here.

Atkinson—at 84—operates one of the busiest heavy construction outfits in the nation. The firm tackles almost anything big, anywhere in the world. Atkinson has directed as many as 20 major jobs at one time in various directions and distances from his La Canada home.

His company built the six-lane Waldo Grade in Marin County.

The company has offices in Seattle, Portland, South San Francisco and Long Beach. It's hard for Atkinson to say for certain how many are on his payroll at any one time. Jobs change from day today. The company sometimes hires a thousand workers at a crack.

He's the third of five generations of Atkinsons in the construction business.

"I quit school at 16," Atkinson says, "but I was raised on blueprints and plans. I can handle a set of plans as well as any engineer."

Atkinson jobs have included Grand Coulee, McNary and Pardee dams along with numerous other dams, bridges, roads, tunnels, piers, freeways and military housing all over the world.

Right now he's winding up some bridges and harbor improvements in Long Beach, starting a large dam near Redding, putting a new lock in the Ohio River in Kentucky, damming a river in Georgia, planning a new dam in Japan, and overseeing several scattered projects.

Atkinson has built so many things that he's beginning to overtake himself.

"Our first job in California in 1914 was a little 15-foot-wide paved road from Grapevine Canyon into Bakersfield. Now we're building an eight-lane highway in the same general area. The other day our new road crossed over the old one."

Magazine Merger

NEW YORK (AP)—Two Presbyterian women's magazines, the 71-year-old Missionary Horizons and 34-year-old Outreach have combined as a result of a merger forming the United Presbyterian Church. The new publication, called Concern, is the official magazine of United Presbyterian Women.

REAL BOUNCING BABY GIRL

Hazel Briggs, 35, holds her new daughter, Constance Anne, who weighed 11 pounds, 12½ ounces at birth at 10:34 p.m. Saturday. Her proud father, Don Briggs of 10 Willow avenue, Larkspur, thinks this is a record, and hospital authorities say cautiously that the new baby is "one of the biggest" ever born at Marin General. The Briggs family has another daughter, 4-years old, whose birth weight was an "ordinary" amount.

KTIM'S DAD OF YEAR

Fred Keller, 43, of 1661 Center road, Novato, smiles his happiness at being named radio station KTIM's Father of the year. Keller, father of a 2-year-old boy, and stepfather to three other youngsters, two of them handicapped, was described in a letter nominating him as a person of "tender loving care" to his children. LAW IN ACTION

Convicts Seek Release With Old English Writ

(This column, prepared by California lawyers, appears regularly in the Independent-Journal.)

Convicts often seek the old English writ of *coram nobis* to bring out errors of fact at a trial and to get themselves released through a corrected judgement.

Suppose, because of fraud or excusable mistake, an accused person couldn't make a proper defense. He could

seek *acaram nobis writ* which stresses facts unknown or un-presented at the trial.

FACTS AND LAW

A convict could also seek a writ of *habeas corpus* which, as a rule, stresses points of law rather than facts.

Delay in reporting this new fact to the court may bring about a denial of the writ of *coram nobis*.

As a rule, one seeks *coram nobis* only when he has no other remedy. For example, perhaps he can no longer appeal to higher courts or withdraw a guilty plea.

Courts seldom issue the writ or *coram nobis*. To get one you must show some newly found fact, not presented at the trial, sufficient to upset the judgement. A hard thing to do.

In one case a husband forced his innocent wife to plead guilty to a crime that sent her to jail. Finding out about this, the court granted her the writ so she could change her plea to not guilty.

In another case the court granted the writ to an ignorant man who pleaded guilty to murder upon an officer's promise that he would not have to go to the gas chamber.

MAY VACATE PLEA

By *coram nobis* the court may "vacate" a guilty plea and reverse the judgement if the new facts stand up in court.

But no court will grant the writ if the convicted person took part in a fraud upon the court. In one such case a convict pleaded guilty and lied in court to protect his employer who had promised in return to pay his fine.

Coram nobis could not help him; he was a party to the fraud on the court.

SUMMER SCHOOLHOUSE OPENS

Bus loads of shining-faced boys and girls arrived early this morning for the commencement of summer school in the new 10-classroom building of the 3R School which opened its doors to students for the first time today. Approximately 500 students have enrolled for the two 3R summer sessions which will be held in the new school on Highway 101 at Rafael Meadows and in the old quarters at

508 Fourth street in San Rafael. There the children will spend up to three hours a day in small classes with expert teachers studying math, English, foreign languages, reading, zoology, biology, physics, chemistry and typing. Shown welcoming the students to the new schoolhouse is James Kirchanawi, director of the 3R Schools. Classes range from primary grades through high school. (Ken Molino photo)

BUDGET

Continued from page 1
for Corte Madera is estimated by Brandow at \$8,193,661. This would represent an increase of \$1,004,497 over the current total.

In recommending a street department budget \$80,795 greater than the current total, Brandow is proposing these projects:

Reconstruction of Willow avenue from Tamalpais drive to Chapman drive, \$22,692 (financed partially with state gas tax funds).

Reconstruction of Lakeside drive and other storm-damaged streets, \$21,500 (financed partially with state disaster aid).

Reconstruction of Paradise drive from Koch service road to 91 Camino, \$17,500 (town portion of town-county project, with Corte Madera's share financed from general and sales tax funds).

Extension of Paradise drive culvert at San Clemente Creek, \$5,180; reconstruction of Oakdale avenue from Chapman drive to Willow avenue, \$5,492; reconstruction of Oakdale from Chapman to Eastman avenue, \$12,927, and construction of bus shelter at Redwood avenue

and Tamalpais drive \$1,000 (all to be financed from general and sales tax funds).

Construction of retaining wall at Redwood avenue and Summit drive, \$1,500; construction of new bus stop pavement at Corte Madera Recreation, \$760, and installation of 100 feet of guard rail by 400 Corte Madera avenue, \$300 (all to be accomplished by town forces).

FLOOD PROJECTS

Proposed flood control projects for 1959-60 include replacement of the Lucky drive control structure, \$15,558; construction of a levee on the west bank of San Clemente Creek at Marina Village, \$1,750; construction of 200 feet of 24-inch pipe along Casa Buena drive near the Meadowsweet Motel, \$1,250, and installation of a control structure on the west headwall of a culvert under Highway 101 near Madera boulevard, \$1,000.

The flood control work would be financed exclusively from the town's flood control tax fund.

LOANED TO I-J

After being refused a copy of the preliminary budget last week by Mayor F. Morse, the Independent-Journal was loaned one by a source who asked

to be unidentified. Morse said the budget "doesn't mean a thing" in rough form.

"What do you want it for?" he asked an Independent-Journal reporter. "What good would it do?"

Ironically, Brandow's letter of transmittal to the council has this to say:

"A limited number of copies of this budget are available for such distribution as the council wishes. Town Hall has the 'open

door' policy and every taxpayer is welcome to ask any questions regarding town operation and expect a courteous and detailed answer. Ideas and suggestions are always welcome, as they often promote solutions to our problems."

Girl Struck By Car On Miracle Mile

A 14-year-old girl was knocked down by an eastbound car Saturday afternoon while crossing San Rafael's Miracle Mile in a pedestrian crosswalk at Ross Valley drive.

Police said the youngster, Sharon Linda Woelz, appeared "bruised and shaken up" after the accident. She is a daughter of Mr. and Mrs. Paul P. Woelz of 207 Terrace avenue, San Rafael.

Mrs. Woelz drove her to Kaiser Foundation Hospital in San Francisco, where she was examined and given x-rays.

Officers said Sharon was walking toward the south curb when a car driven by Leopold Fred Braemer, 64, of 24 Meerna avenue, Fairfax, struck her in the middle of the crosswalk.

Braemer was charged with failure to yield the right of way to a pedestrian, driving without due caution and improperly passing another car which had stopped at the intersection.

The police report noted that Sharon had neglected to operate a manual signal light which "would have stopped all traffic until she was safely across."

Angel Island Park To Be Closed

The California State Park Commission today approved the closing of Angel Island State Park for all public use effective immediately, and to continue no later than Sept. 18, 1959.

Construction on the park proper as well as pier repairs, float installation, picnic grounds, sewage facilities, water line, electrical conduit and other improvements are being made.

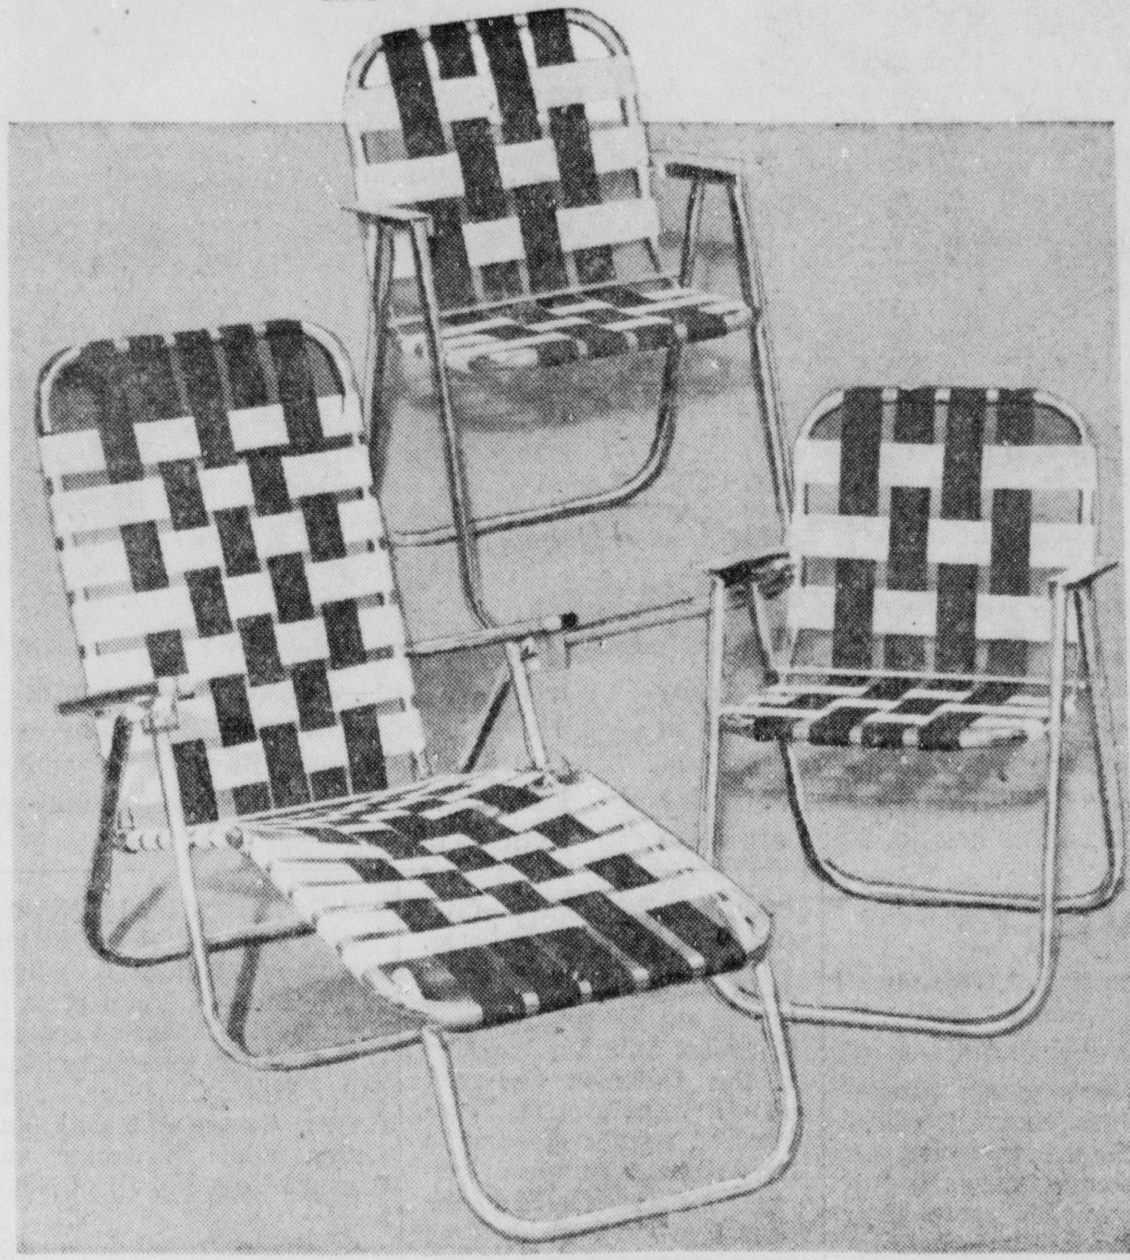

If work is completed prior to Sept. 18, the park will open immediately.

ing that of Erwin Scheller, parade chairman.

Saturday's gaudy procession, which marched, rolled and galloped westward on Grant avenue for nearly two hours, included more than 100 group and individual entries.

Trophies were awarded by six professional judges, all members of the American Assn. of Contest Judges, who watched from a reviewing stand in front of the Central Valley National Bank.

Master of ceremonies for the parade was Bay Area television star Charlie Dugdale, a Novato resident.

Dignitaries sharing the reviewing stand included William A. Gnos, James A. Marshall and Walter Castro, county supervisors; Bert W. Broemmel, county assessor; W. O. Weissich, district attorney; Judge Harold J. Haley and others.

First place parade award winners in their categories were:

Majorities — Marionettes of Santa Rosa, best group; Georgia Blackwell of Novato, senior individual; Diane Shelton, junior individual;

Color Guards — San Francisco County Counsel Patrol (civilian); U.S. Marine Corps 14th Rifle Company, Kentfield (military);

Commercial Float — Oscar Hauge paint store, Novato;

Youth Group Float — Novato Aggies 4-H Club, Novato;

Novelty and Comic — Novato Volunteer Firemen's Assn.; Special Class — 16th District Ladies Auxiliary, Veterans of Foreign Wars;

Bands — U.S. 6th Army, Presidio, San Francisco (military); Novato High School (high school category);

Drum and Bugle Corps — San Francisco Moose Men's Drum Corps (adult); Shipmates of Tokay, Lodi (junior);

Drill Teams — Santa Rosa Campions; Jobs Daughters, Bethel 94, San Francisco; Santa Rosa Boy's Club; FASRON 10, Moffet Naval Air Station;

Mounted — Mary Bell Wood and Nancy Pierce, Novato, best matched pair; Novato Junior Horsemen, best junior group; Sonoma County Centaurs Riding Club, best color guard; Buddy Shay, Novato, best parade horse (adult); Bonnie Sue Corbin, Santa Rosa, best parade horse (juvenile);

Fabian Bobo family of Novato, family group; Jim Farley, Nicasio, best western (junior); Robert Catallo, Novato, best western (man); Freda Brown, Martinez, best silver mounted; Julie Nichols, Woodland, best western (woman); Novato Thunderbirds, most outstanding

group; Mrs. Polly Miller of Redwood City, best parade horse.

An estimated 1,200 persons turned out for the Buckaroo Breakfast Saturday morning at the Anderson Chevrolet lot off Grant avenue. Three hundred pounds of pancake flour and 200 pounds of sausages were consumed in the annual mouth-watering event, sponsored by the Mariners Club of the Novato Presbyterian Church.

The night before, 500 dancers and spectators attended the first annual Folk Dance Festival, sponsored by the Novato Folk Dancers and the Petaluma International Folk Dancers at the Town and Country Shopping Center, and later at Marion School.

Hundreds of youngsters and adults stood to watch firemen from the Alto Fire District and the City of San Jose Fire Department square off in the traditional waterball fight at Marion School Saturday morning.

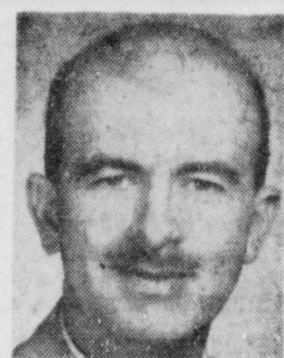

The Alto stalwarts, undefeated since the start of the muddy skirmishes four years ago, won again Saturday by a soppy score of 4-1.

Fire hoses sprayed onlookers as well as players. Winning Alto teammates were Dave Miller, Earl Canyers Jr., Carl Burgstrom, Dick Bibby and Jim Funk.

Another attraction Saturday was the roaring quarter-midget race, featuring child drivers, who drove at top speeds around an oval track at the Patterson Ranch.

Larry Nunes, 9-year-old son of Mr. and Mrs. John Nunes of Petaluma, drove off with first prizes for the main event, consolation and heat events.

Other drivers were Ron Presley, 11, Mill Valley; John Hutchinson, 11, Mill Valley (winner of the trophy dash and first heat); Kathy Hutchinson, 8, Mill Valley; Frank Yaden, 9, Novato; Jim Turner, 8, Novato; Mike Turner, 11, Novato;

Heart Patients Need Spinal Check-ups

by Dr. Robert W. Pearce

Heart trouble is the number one killer in the United States. After a breakdown, there are limits on what can be done to correct a heart disorder. Tissue that has been damaged cannot be replaced. But the heart is a strong organ and every effort should be taken to make the best use of the strength that is left.

Some heart disorders can be corrected. In any case, you should have a physical check-up regularly.

Many cases of heart trouble are the result of strangulation of the nerves that feed the heart. Frequently this pressure and choking of the nerves is caused by a slightly misaligned spine.

Often the heart trouble will clear up entirely once the spine has been corrected. Spinal correction is probably even more important if you have already suffered heart damage. Then you want to be certain your heart is getting proper nerve impulses to save what you have left.

Chiropractors are the best trained spine specialists and are expert in finding and correcting defects which can damage your heart.

For additional information on Chiropractic care (Palmer Method) write Dr. Robert W. Pearce at 1628 Fifth avenue in San Rafael, or address a card or letter to Dr. R. W. Pearce in care of Independent-Journal Box 725, or call GL 3-6201. Adv.

100 Cowboys Perform For Novato Rodeo

An estimated 2,000 to 3,000 persons sat for more than three hours under yesterday's searing skies to watch and cheer Novato's first Wild West Rodeo — the capping event for the fourth annual Western Weekend.

More than 100 professional cowboys went through their terrifying paces in a fast-moving show of roping and riding ability.

Frank Scott, president of the Novato Horsemen, Inc., joint sponsors of the event with the Donald V. Westlund Post, Veterans of Foreign Wars, today spoke highly of the rodeo.

"It was splendid. There were no flaws at all. The cowboys gave a good performance with champion rodeo stock that was fast as well as fat. It couldn't have gone smoother."

In years past, the horsemen and the FVW Post have produced a horse show, attended last year by 1,300 persons.

Yesterday's show was produced by the Flying-U Rodeo Co. of Marysville.

A high point in yesterday's program was a surprise appearance in the arena of five Novatans, themselves unaware of what they were in for. Each in turn was called up to wrestle and hog-tie a frisky calf. Each accomplished the grueling feat, cheered by a roaring audience.

The five novice cowpokes included: George Harrison, president of the Novato Junior Chamber of Commerce; Chief George J. Cavallero, Novato fire chief district; Sam Thomas, commander of the FVW post; Keith Craig, California Highway Patrolman, and Dave Crandall, proprietor of the Village Inn in Novato.

The rodeo, held in a brand new arena built by members of the two sponsoring groups, featured bareback riding, calf roping, saddle bronc riding, bulldogging, team roping and Brahma bull riding.

As successful as yesterday's rodeo was, the two sponsors plan improvements next year. "For one thing, we're going to build new bleachers. Next time it's going to be even bigger and better," promised Scott.

Nellie Manning Dies After Illness

Mrs. Nellie Manning, 85, a two-year boarder at San Rafael General Hospital, died early today. She had lived at 915 Fifth avenue, San Rafael, for about 30 years.

Her late husband, Walter Manning, was a retired chief engineer on Standard Oil Co.

tankers. They had no children. Mrs. Manning was a native of Xenia, Ill.

She is survived by four nieces, Mrs. Carrie Huntley, Mrs. Callie Shaffer, Mrs. Mabel Lelouarn, and Mrs. Zoe McAllister, and a nephew, George Bowers, all of San Rafael.

Funeral arrangements are pending at Keaton's Mortuary, San Rafael.

Mass Wednesday For Mike Mazzina

A Requiem High Mass will be offered Wednesday for Alemano (Mike) Mazzina, 71, a retired freight mover for the Northwestern Pacific Railroad.

Mazzina died Saturday after a short illness at a San Francisco hospital. He and his wife, Mary, lived at 128 Park street in San Rafael.

He is survived by his wife; two sons, William J. Mazzina of San Rafael and Guido Mazzini of Clewiston, Fla.; six grandchildren; one brother and a niece in Italy.

Mazzina emigrated from his native Italy in 1903. A 35-year employee of the Northwestern Pacific Railroad, he first worked at Point Reyes Station until the operation there was shut down about 30 years ago. After that, he worked at the San Rafael and Sausalito stations.

He was a member of Foresters of America in San Francisco and of a railroad union.

A cortege will form at 9:15 a.m. Wednesday at Keaton's Mortuary in San Rafael for a Requiem High Mass to be celebrated at 9:30 o'clock at St. Raphael's Church. Burial will be in Mt. Olivet Cemetery north of San Rafael. The Rosary will be recited at 8 o'clock tomorrow night at Keaton's Mortuary. The family prefers that tributes be in the form of special masses.

She was a native of San Francisco. She and her family moved to 70 Via Cheparro, Greenbrae, last summer after having been Woodacre residents about 12 years.

Miss Dorais is survived by her parents, by two brothers, Michael, 18, and Terence, 6; and two sisters, Laura, 12, and Genevieve, 10. She is the granddaughter of Mrs. May Fewer and Mrs. Louise P. Dorais of San Francisco.

Her father is a former Lagunitas School District trustee and former president of the Marin County School Trustees Assn. He is a partner in Whitaker and Baxter, a San Francisco public relations firm.

Mrs. America Leaves Home, Kids To Travel As Queen

FORT LAUDERDALE, Fla. (AP) — A gracious Des Moines, Iowa, housewife, who couldn't believe she was chosen Mrs. America, strove today to get used to her new role in a busy year-long reign.

Margaret Priebe, 36, won the rivalry for No. 1 homemaker of the nation. She will spend much of her time traveling in that capacity while her husband, L. Clarke Priebe, and the couple's parents in Des Moines take care of the Priebe's four children.

"I know it's going to be a big job but I have a very co-operative husband and I'm sure it will work out," the 5-foot-8, black-haired former schoolteacher said.

Mrs. Priebe was crowned

Sausalito School Aid Bills Passed

I-J Special Report

SACRAMENTO—Two bills to ease the plight of Sausalito School District in its relationship with Marin City were passed by the state Senate in the waning hours of the legislative session. They now go to the governor for his signature.

A bill by Marin Senator John F. McCarthy (SB 1011) authorizes the school district to enter into a contract with the Marin Redevelopment Agency for furnishing school facilities and services. But it limits such an agreement to two years.

Marin's Assemblyman Richard H. McCollister's bill (AB 2641) to permit the county to assist the school district financially also won final Senate approval.

Two other McCarthy bills also were approved and sent to the governor. SB 53 authorized highway authorities to erect signs on state highways instructing slow moving vehicles to use the right lane in conformity with state law. SB 617 requires the state Lands Commission to notify the Fish and Game Department and counties and cities involved when they plan to sell or lease any tide or submerged lands.

Republicans To Meet

The Marin County Republican County Central Committee will meet at 8 p.m. tomorrow at the courthouse in San Rafael. A meeting room will be assigned.

Momentous Events Ahead In Louisiana

BATON ROUGE, La. (AP) — Louisiana, thrown into political turmoil by her ailing governor three weeks ago, faces momentous questions, some of which may be answered this week:

1. Is Gov. Earl K. Long legally insane?
2. If not, can he get out of a state mental hospital?
3. Meanwhile, who is the state's chief executive?

SATISFACTORY CONDITION
Physicians who visited Long yesterday at Southeast Louisiana Hospital, 54 miles east of the capital, reported he was "quite cooperative and his general condition satisfactory."

Five days ago the governor, cursing and fighting, was taken to the mental hospital in Mandeville, La. He was arrested near here after he had sped away from a New Orleans hospital.

Dr. Chester Williams, coroner for East Baton Rouge Parish, and a psychiatrist said Long was suffering from paranoid schizophrenia—delusions of persecution. Long was ordered taken to the mental hospital for observation and treatment.

ENGAGES LAWYER

Long, who was on his way to the capital to resume executive powers when he was arrested, has engaged counsel to protect his legal rights. Joseph Arthur Sims of Hammond, La., was named his chief counsel.

Sims, who conferred with the governor for an hour yesterday, said Long apparently was in good health and spirits. He would not say what legal action was planned.

Speculation centered on two possible courses: a sanity hearing here, where the coroner took the committal action; or a court hearing in Covington where the governor, claiming he was illegally restrained of his liberty in nearby Mandeville, might sue for a writ of habeas corpus.

ACTING GOVERNOR

During Long's sojourn in Galveston, Lt. Gov. Lether Frazier automatically became acting governor. When Long returned to the state Frazier questioned his authority to act as governor.

Frazier, who was elected on the Long ticket, said he would act in an emergency, but he would not formally assume executive powers until he got legal advice.

Secretary of State Wade Martin Jr., a political foe of the governor, insisted he would recognize only Long as governor, pending a legal determination whether Long was able to serve.

Dr. White Urges Heart Assn. To Stay Out Of United Fund

NEW YORK (AP) — Dr. Paul Dudley White has advised the American Heart Assn. not to merge its independent fund drive with United Fund or Community Chest drives.

White is the Boston heart specialist who attended President Eisenhower when he suffered a heart attack in 1953. He is a founder and past president of the American Heart Assn.

Heart disease, he said yesterday in a statement, is "too serious a problem to hide in a segment of a united fund."

Submerging the problems of heart disease in local Community Chests or United Funds, he added, "would seriously delay our effective progress in the treatment and control of this dangerous threat to our lives and health."

White said that while federated funds serve a useful purpose, they were never intended "to enter the fields of extensive scientific research or the training of research workers."

Plans Nassau Resort

WORLD NEWS IN BRIEF

Youth Scalds Baby

HOUSTON, Tex. (AP) — A youth told police yesterday he placed his 18-month-old stepson in a tub of scalding water and calmly washed a sinkful of dishes while listening to the child's screams.

Tony Ray East died Saturday of second and third degree burns which covered most of his body.

Police charged the stepfather, Leroy Joseph Rideaux, 19, with murder.

The Negro youth told Medical Investigator A. A. Martindale the incident occurred last Tuesday when he returned home from work. He became angry, he said, when he tried to feed the child grits and the child spat them out.

Mass For Actress

HOLLYWOOD (AP) — Requiem High Mass was to be celebrated today for Ethel Barrymore, the last member of America's royal family of the theater.

Top stars of the entertainment world joined family friends last night when Rosary was recited at the Catholic Church of the Good Shepherd in Beverly Hills for Miss Barrymore, 79, who died Wednesday from a heart ailment.

Interment at Calvary Cemetery was to follow the funeral.

Rain Drenches Miami

MIAMI, Fla. (AP) — The sky could dry up anytime now over this resort-capital of sunny Florida, and rain-sodden Miami wouldn't mind a bit.

Return of normal sunshine would be a novelty after rains which broke the city's 1942 June record Saturday night and mopped up streets, lawns and daily activities.

The weather man said today would be showery, followed tomorrow by scattered showers.

Up to today the U.S. Weather Bureau logged 19.67 inches of June rainfall for Miami, by comparison with 4.61 inches average in a comparable period.

Girl Born To Kovacs
HOLLYWOOD (AP) — Comedian Ernie Kovacs has a good reason to hurry home from London.

Wife Edie Adams — the singer and Broadway star — gave birth to a 7 pound 7 ounce girl Saturday night.

Mother and daughter — the couple's first child — are doing fine.

Fathers' Day Item

HOLLYWOOD (AP) — A mail order summer catalog is offering "nudies ice cube trays."

Each tray makes four ice cubes in the shape of a woman, nude from the waist up.

Steel Talks Continue

NEW YORK (AP) — Steel union and industry teams went into their eighth week of contract negotiations today, with a strike deadline now only eight days away.

Industry leaders were to go to Washington later today for conferences with Federal Mediation Chief Joseph F. Finnegan and a dinner meeting with a group of senators. David J. McDonald, president of the United Steelworkers of America, had similar "fact finding" meetings with Finnegan and the senatorial group last Monday.

Present contracts covering 500,000 basic steel workers expire at midnight June 30.

In steel towns across the country, steelmakers, union and civic officials made plans to meet a strike at that hour.

Mom Of 4 Has Quads

GLASGOW (AP) — Mrs. Jean Cole, 32-year-old wife of a plumber, gave birth to quadruplets yesterday—two boys and two girls.

Mrs. Cole and her husband Albert, 29, already have a 5-year-old daughter and three sons ranging in age from 18 months to 8 years.

The Coles have been living in a one-room \$5 a week apartment in a municipal housing project. The town council said it would find the family larger quarters.

BLUE TAX STAMP ON CIGARETTES TO DISAPPEAR

WINSTON-SALEM, N.C. (AP) — You won't be seeing that blue federal tax stamp on cigarette packages any more.

The manufacturers have won a battle. No more prepayment of excise taxes. Instead of having to buy the stamps every day they will pay the government only twice a month.

R. J. Reynolds Tobacco Co. had to buy more than two million dollars worth of stamps every day for its products. But tomorrow will be the last day it will have to send two men to pick up the stamps for cigarettes, smoking tobacco and chewing tobacco.

Instead of the stamps, Reynolds will use a closure of the same blue paper which will tell you: "Federal stamps no longer required." But smokes still will cost the same.

Floods Menace Ceylon

COLOMBO, Ceylon (AP) — Widespread floods after three days of torrential monsoon rains have left several thousand Ceylonese homeless. Government relief agencies feared the number of dead would be large. Many areas were cut off from food and medical supplies by landslides and flooding.

4 Die In Theater Panic

TOLUCA, Mexico (AP) — Four persons were killed in a stampede to get out of a movie theater last night after its roof was ripped off during a violent wind storm. About 20 persons were injured in the panic.

China Rejects Harriman

MOSCOW (AP) — Communist China has refused to give W. Averell Harriman a visa to visit the country as a journalist.

Harriman, former governor of New York, said the Peiping government told him a new application from him would be considered next year.

Harriman is now touring the Soviet Union and writing articles for an American syndicate.

Jetliner Clips Fence

NEW YORK (AP) — A British jet airliner clipped a 10-foot steel fence as it came in for a landing at Idlewild Airport yesterday. The Comet IV jet was damaged extensively, but made a safe landing without injury to the 45 passengers and crew aboard.

Ambassadors' Mom Ill

WASHINGTON (AP) — Mrs. George Cabot Lodge, mother of two U.S. ambassadors, was reported seriously ill today in Doctors Hospital.

One son, John Lodge, U.S. ambassador to Spain, has flown from Madrid to be near his mother's side. The other, Henry Cabot Lodge, U.S. ambassador to the United Nations, was here last week from New York.

Scout Dies In Avalanche

TIMBERLINE LODGE, Ore. (AP) — Ice and snow, loosened by warm sunshine, broke away from near the summit of Mt. Hood yesterday and swept five persons into a crevasse, carrying a Boy Scout to his death.

David Draper, 16, Explorer Scout from Vancouver, Wash., died in a Portland hospital about eight hours after the accident on the 11,245-foot level of the mountain.

He and four other climbers, two of them adults, were roped together. The five were swept into a 30-foot-deep crevasse and buried in wet snow.

Other adults in the 48-member party taking part in the climb, freed their companions.

State Figures Show Unified Schools Do Cost Less

Proponents of unified school districts have been given valuable ammunition by the state controller. Their major argument has been that unification of a district, that is, putting elementary, high school and in some instances junior college under one board of trustees and administration, saves money.

Controller Alan Cranston's figures for the school year ending June 30 last year bear out this contention.

According to the controller, it cost \$1.96 per day for the education of each elementary school pupil in the state. For each high school student the cost was \$3.02 per day and in junior college it went up to \$3.31 per day.

Obviously these figures do not relate directly to any one school district. They are worked out from the figures on file in Sacramento from the state's 1,462 elementary schools, 232 high schools and 27 junior colleges.

Here is where the unification ammunition comes in. The state's 98 unified school districts spent only \$2.29 per day per student. That's 33 cents more than the elementary schools alone, but 73 cents below the high school expenditures. And more than a dollar below junior colleges.

Included in the computations were

1,408,509 elementary, 613,582 high school, 840,960 unified school and 87,654 junior college students. We aren't just dealing with a small sample.

But neither are we taking into consideration the quality of education given either in the various districts, nor loss of local control suffered in unification.

But the financial savings are evident. Another thing interesting in Cranston's schools report was the sources from which the schools get their money. Once upon a time practically 100 per cent of school financial support came from the people in the district. Now, barely half does. It breaks down like this:

Of the total expenditure, which during 1957-58 was \$1,195,554,264, local district taxes accounted for 52.3 per cent, state funds provided 43.2 per cent, 1.8 per cent came from federal subventions and the remaining 2.7 per cent from miscellaneous sources.

It takes no mathematician to figure out that if the federal government should now move into the school financing picture to any greater extent, local funds would no longer be in the majority. And he who pays, makes the rules.

SETS SCHOOL AFIRE IN REVENGE

Setting fire to his school in order to "get even" was the strange but direct action taken by an eleven-year-old fifth-grader in Newark, N. J., not long ago. The boy had been suspended from school the week before for trying to burn a girl's hair.

One morning, fifteen minutes after classes began, he started a fire in the drapes hanging in the fourth floor school auditorium. Within a few minutes all 1,600 pupils had cleared out of the school building. A half hour later, firemen had succeeded in putting out the blaze.

It is always interesting to observe how those who resent even minor limitations on their own rights can show a deliberate disregard for the rights of others.

If you are misunderstood or hurt in any way, let this be a reminder that you at least can act differently by displaying a Christ-like love and patience towards one and all.

"Love ye your enemies: do good and lend, hoping for nothing thereby."

HAL BOYLE'S COLUMN

Of 350 Known Types Of Shark, Only 24 Would Attack Humans

NEW YORK, (AP)—Things a columnist might never know if he didn't open his mail:

One of the hardest things in the world for a man to do is to outlive a woman. Twice as many women as men now live to be more than 100 years old.

The plumbing in your body is more complicated than that in the average city. You have more than 100,000 miles of arteries, veins and smaller blood vessels—all dependent on a heart the size of your fist.

Nutrition note: Only 24 of the 250 known types of shark find human beings particularly appetizing.

A survey showed that only a third of today's teenagers earn their own spending money.

The major gripe of most secretaries is that their boss leaves the office without leaving word where he can be reached. Other secretaries

complain, "I don't care where he goes—if he'd just go more often."

Pianos have about 7,500 parts. More than the average automobile.

Today's best quip: Robert Q. Lewis of CBS says he does not know whether rock 'n' roll music is dying—but it sounds like it is.

The average rainfall for the earth is 32 inches a year. If it fell all at once, we'd all be thigh-deep in 480 million tons of water.

Our quotable notables: "A woman," says actress Paula Hill, "Prefers a man with a will of his own—provided it's made out in her favor."

Some folks do love us. Fifty two per cent of Italians, asked in a newspaper poll what nationality they would prefer to be if they were not Italians, responded, "I don't know." But the second largest group—27 per cent—said they would like to be Americans.

A GREAT TO-DO is being made in some quarters, about the dangers in kissing. But the American Medical Ass'n's Journal says, "there is only one chance in 500 that the girl or boy you might kiss will have a disease which can be transmitted by osculation."

How easy can life get in the automation age? A new vending machine now dispenses a carton of 12 squirming worms for fishermen.

U. S. PUBLIC SCHOOLS are more crowded than ever. But 13 out of every 100 American children still attend private primary schools.

Marital dilemma: Did you hear the one about the world's most frustrated woman? She found a letter she asked her husband to mail six months ago in a coat he had left home for her to sew a button on.

It was Alexander Wolcott who observed: "Many of us spend half our time wishing for things we could have if we didn't spend half our time wishing."

Real 'Extravagances' Don't Stand Chance With Solons

By FRANK ELEAZER

WASHINGTON, (UPI)—We can quit worrying about those dirty books in the Library of Congress. Our lawmakers have acted to clean 'em up.

You probably saw where the library, the world's biggest, advised Congress the other day it now is up to 37 million items on its shelves and down to two \$3,200-a-year helpers to dust them.

Dr. L. Quincy Mumford, the librarian, said this resulted in a "sub-minimal" cleaning rate. What he meant was, each book on an average could expect to get dusted only once every 66 years.

The House Appropriations Committee, after considerable deliberation on this and other problems entailed in Congress' own \$130,000,000 budget, now has told Dr. Mumford he can hire two additional cleaners.

FBI CHIEF ANSWERS:

What Individual Can Do About Communism

By LYLE C. WILSON

WASHINGTON (UPI)—Typical of what has come in every mail this month is this from Marian Tisdale of Ames, Iowa. She wrote:

"I just want to say that I am not complacent or apathetic about Communist activity in the United States, but I am bewildered and pained by the fact that I don't know what we can do about it."

From almost every state in the union during the past fortnight have come letters like Miss Tisdale's. They were in response to an article distributed this month which contended that American citizens were dangerously complacent

about the menace of Communist espionage in the United States and Communist infiltration of the American economic and social fabric. The burden of the letters was this:

What can the average citizen do?

THAT IS A GOOD question. It promptly was put to Director J. Edgar Hoover of the Federal Bureau of Investigation. Hoover replied in full agreement that:

"Complacency about Communism is truly one of America's most serious problems today. The citizen can do much to fight Communism."

"First of all, he should inform himself about the true meaning of Communism. He must realize that Communism is an evil, intent on enslaving the world. It is dictatorial in nature and seeks to destroy individual liberties."

HOOVER HAD special warning, evidently directed at those intellectuals who believe they see something good in Communism and end up swallowing the whole party line, including the hook. It was this:

"Never can we compromise with Communism. To regard Communism as a 'temporary good' or a 'new way to solve problems' is to invite disaster. The citizens must be constantly alert. The Communists operate under many guises and fronts. They constantly are seeking to deceive and hoodwink the unsuspecting. At all times they are endeavoring to infiltrate labor organizations, basic industries, civic, religious, fraternal and social groups. Their purpose is to capture positions which control organizations."

More specifically, Hoover said any citizen can combat Communism by following some simple paste-in-your-hat rules:

Report to the FBI all information about espionage, sabotage or subversive activities.

Alert yourself; learn the true nature and tactics of Communism.

Make civic programs for social improvement your business.

Exercise your right to vote; elect representatives of integrity.

Respect human dignity. Communism and individual rights cannot coexist.

Inform yourself; know your country, its history, traditions and heritage.

Combat public apathy toward Communism; indifference can be fatal when national survival is at stake.

Attack bigotry and prejudice wherever they appear; justice for all is the bulwark of Democracy.

"What is needed," Hoover said, "are citizens ready to do their share for American."

REPORTER'S NOTEBOOK

Belvedere Is Not A Town, But Some Cities In Marin Are Towns

THE 1959 ROSTER of government officials in California lists Belvedere as a town. Not so, says City Manager Bing Rey, who insists that the community took legal steps to name it a city. Other Marin towns are Corte Madera, Fairfax and Ross. San Rafael, San Anselmo, Larkspur, Mill Valley and Sausalito prefer to be known as cities. Legal eagle John Ehlen says there is no legal difference between the two.

TO THOSE WHO complain that some cities do nothing to keep the community clean, we can report that in Mill Valley, crews patrol the entrance roads picking up stray papers dropped by thoughtless motorists. Further, city crews use 7,000 gallons of water weekly, irrigating the center planting strips on Miller Avenue.

RAY PALMER, retiring head of the Tam Hi science department, enjoys an avocation unknown to many. As a member of the SPEBSQSA, he is a real pro as a barber shop singer. So is Benny Benefield, head of the School's physical education department.

NEWS REPORTS last week told of the death of Jack Denham, one time swashbuckling waterfront reporter for the S.F. Chronicle in the days when the docks were busy. Denham spent many hours in Sausalito as a close friend of Capt. John R. Quinn of the mud-locked, green-hulled former sailing ship Galilee, now abandoned at the foot of Napa street. Quinn left his colorful waterfront home more than a year ago, now lives in Carmel.

MILL VALLEY City Attorney Tom Nelson notes that

throughout the county and on some Mill Valley streets, signs are appearing reading "not a city street" or "not a county road." Neither for spite nor discrimination, Tom notes, the signs are merely to serve notice that the road has never been officially accepted and therefore is not eligible for public maintenance.

SAUSALITO'S SALES tax receipts have jumped \$13,000 on a year, climbing to \$85,000 reports City Manager Don Duerr. Almost all traceable to tourist and visitor activity, he says, the income is a tremendous aid to the city's betterment program while keeping the tax rate in line. Think of the number of dinners and drinks that sales tax could represent!

MILL VALLEY Mayor Bob Huber has received a note from Herman Hein in Germany reporting steady and satisfactory recovery from his recent operation there.

PEOPLE'S RIGHTS were certainly protected in full measure at last week's Mill Valley City Council meeting. The city's new business license ordinance was up for adoption. City Attorney Tom Nelson said all ordinances must be read in full. So for 40 solid minutes, councilmen and City Manager Al Almcraents spelled each other reading 22 legal sized typewritten pages so that all could hear what's involved. The audience: "sixth councilman" Bill Feeney, a representative each from the planning commission and the parks and recreation commission and one reporter. No one from the interested chamber of commerce attended.

President May Have To Shift Foreign Aid Emphasis Or Lose

The administration's mutual security program — military aid to our allies and economic aid to the underdeveloped countries — runs into a crisis year after year. The funds are cut every time. Support continues to decline. The outcome is always uncertain.

This year there is more criticism, more opposition, more uncertainty.

If I read the temper of Congress correctly, President Eisenhower is going to have to support some major changes in emphasis and administration if he is going to avert the beginning of a serious calamity to a vital arm of the nation's defense and foreign policy.

RIGHT NOW the mood of Congress is visibly on the side of three changes in substance and two changes in the procedure of operating the mutual security program.

The changes in substance would be:

1—More economic aid to underdeveloped countries.

2—More economic aid in the form of repayable loans and less in the form of grants or gifts.

3—Less military assistance — on the assumption that neither Congress nor the President would approve an increase of economic aid without a decrease in military aid.

THE CHANGES in procedure would be:

1—Increasing the development (repayable) loan fund, perhaps up to \$1,500,000,000, and authorizing the appropriation on a long-term basis so as to provide continuity and long-term planning.

Stanford Fellowship

Col. Paul Hamilton of 31 El Portal, Greenbrae, a mathematics teacher at San Rafael Military Academy, was to begin a six-week fellowship program at Stanford University today. The expenses-paid program is underwritten by General Electric Co. Fifty high school math teachers from 14 western states were selected to attend. Last year Sidney I. Duddy of Tamalpais High School attended.

2—Appropriating military assistance funds directly to the Defense Department — where they can best be defended as essential to our own security—but increasing the authority of the Secretary of State on policy.

Influential Democrats and Republicans are urging this course of action. The Democrats are doing so openly and they include strong friends of the program like Sens. Mike Mansfield, the assistant majority leader, and William Fulbright, chairman of the Foreign Relations Committee. The Republicans are doing the same thing behind the scenes because they are hopeful of bringing Eisenhower around to their view.

I HAVE SEEN no convincing answer to the argument that we get more defense for every dollar we put into helping others expand their defense forces than we would by adding the same amount to our own military budget. But one must recognize that an impressive case has been made that, if a choice has to be made, the balance should be shifted to the economic side.

The way sentiment in Congress is now developing, it seems to me the President, if he doesn't support some shift in emphasis from military to economic aid, faces the prospect of losing on both fronts.

Millions Toil To Dike Rivers In Red China

TOKYO (AP)—Millions of Chinese toiled on hastily built river dikes throughout Kwangtung and Kwangsi provinces today in a desperate fight against a flood that may develop into China's greatest of the century.

The Kwangtung floods are expected to reach their peak along the west and north rivers of the Pearl River delta tomorrow or Wednesday.

Peiping radio reported that 12 inches of rain in neighboring Kwangsi between June 15-21 had damaged 250,000 acres.

Fronzizi To Oust Dissidents In Army

BUENOS AIRES (UPI)—President Arturo Fronzizi will shake up his cabinet and replace some commanders of military districts to end his crisis with the military, well informed sources reported today.

The sources said the government, elected with the help of Peronists and Communists last year, appeared to be shedding its leftist associations and emerging more and more to the right as the army demanded.

Fronzizi seemed to have come through the crisis in relatively good shape.

Dissident military officers provoked the crisis last week by demanding an investigation of a pact former Dictator Juan D. Peron said Fronzizi signed with him before the 1958 elections. Fronzizi branded the document a forgery.

The army officers also demanded the removal of under Secretary of War Col. Manuel Reimundes and an end to the forced draft of 300,000 workers who had threatened to strike for higher wages.

Queen Talks With Miners In 'Unofficial' Canada Tour

CHICOUTIMI, Que. (AP)—Queen Elizabeth II is beginning to talk with workmen, housewives and other people not on the official reception lists for her tour of Canada.

She and Prince Philip are moving through the fast-growing industrial region of Saguenay, northwest of Quebec City, heading for a meeting with President Eisenhower and the official opening of the St. Lawrence Seaway Friday.

They are visiting aluminum paper mills and hydroelectric power plants today. They have already taken a close look at other evidences of Canada's rapid industrial development including a spectacular open-pit iron mine on the remote edge of Labrador.

Standing on the floor of that mine amid swirling clouds of red dust and fierce heat, Elizabeth asked to speak with six members of a pit crew. Brawny miners and truck drivers, their faces caked with dust and sweat and holding hard hats under their arms, chatted with her and Philip, answering questions.

Ignoring her time schedule, she remained on the floor of the mine 250 feet below ground level well after the party was due to depart.

Dust powdered her chestnut hair where it curled out from under her small hat. Her white

cheeks turned the color of television makeup. Finally she held out a white-gloved hand. The miners glanced at each other shyly. They rubbed their hands on their coveralls and shook her hand.

The Queen and Philip have now seen some of the wildest and most beautiful country in the world.

Flying north across Labrador, they passed over terrain that still shows marks of the Ice Age. Flat and forbidding, it looks as though the glaciers departed only last week. Retreating ice gouged out innumerable craters now filled with water. They range from pools to lakes hundreds of feet deep.

The couple met Montagnais and other Indians wearing native costumes blazing with red, blue and green. Some faces were obviously of Eskimo origin.

During the weekend the royal party boarded the yacht Britannia and sailed across the mouth of the silvery blue St. Lawrence to Gaspé, famed resort area of Quebec.

At the head of their column was a tall sheeted man carrying a sword. Behind him a lady Druid held aloft a banner. Bringing up the rear

Druids March On Stonehenge—But 2,000 Rollicking Kids Arrived First

By EDDY GILMORE
AMESBURY, England (AP)—Frolicking teen-agers and college students outdid the Ancient Order of Druids today in welcoming summer at Britain's historic Stonehenge.

Some 2,000 boys and girls, fortified by whisky, gin and beer, staged a pagan revel around the great stone slabs in southeast England believed to have been raised by sun worshippers about 1,500 B.C.

White-robed, solemn-faced Druids—members of a fraternal order—annually greet the sunrise at Stonehenge on June 22, the start of summer. This year the young folks came

hours earlier and got a head start.

A glowing full moon rose over the downs while hot and fast Dixieland music provided an obligato to the dancing, shouting and laughing students.

Silhouetted in the moonlight, a pretty blonde whipped off her blouse and bra. Bare from the waist up, she danced a happy jive amid sprawling young people, many entwined in embraces.

At 4 a.m. 14 Druids arrived in the midst of the revel.

At the head of their column was a tall sheeted man carrying a sword. Behind him a lady Druid held aloft a banner. Bringing up the rear

was the chief Druid, holding a shepherd's crooked staff.

Flanked by policemen, they marched around the circle of 16-foot high stones. Hundreds of youths flocked along.

"If you think you are going to see a circus," boomed the chief Druid, "you are wrong."

"This is a serious, solemn ceremony which you would understand if you had the intelligence to understand."

A boy with black hair stood up and flapped his arms, yelling, "Omo washes whiter," the slogan of a well-known British detergent.

"I ask for reverence," pleaded the chief Druid, "if you've got any reverence in you." Empty bottles littered the

34 Fishermen Missing In Canada Storm

ESKUMINAC, N. B. (AP)—At least 34 fishermen were dead or missing today as searching planes scoured the Northumberland Strait for survivors of the weekend storm that battered the Gulf of St. Lawrence fishing fleet.

Twelve men were known dead and 22 were listed as missing.

The Royal Canadian Air Force reported 22 derelict boats were spotted by search planes yesterday along the 30-mile coastline between Point Escuminac and Richibucto. There were no signs of life.

place. About 25 youths lay motionless on the ground, sound asleep.

By this time, heavy clouds had drifted across the dawn sky and the Druids and everyone else were robbed of the opportunity of seeing the sunrise over Stonehenge's great Heel Stone.

It had been a hectic night, but no arrests were reported. Finally most of the teen-agers and Druids drifted off toward Amesbury, some three miles to the east, for breakfast.

5 Seek Postmaster Job In Sausalito

Five aspirants for the job of permanent Sausalito postmaster have filed applications with the United States Civil Service Commission, according to word from Washington. Among these are Mrs. Dorothy E. Finn, present acting postmaster; Edward L. Madsen, a Sausalito carrier; Anthony L. Medeiros, a clerk in the Sausalito office; Thomas H. Page, son of another Sausalito office employee, and James K. Henington, who is unknown at the post office and not otherwise identified. He is not listed in available directories. Among the regulations for the postmastership is a residence requirement of not less than one year. From this list, the Civil Service Commission determines the eligible names and subsequently the three top names from which the permanent postmaster will be selected. No estimate time was given by the Civil Service Commission as to when the name will be determined.

Luxury Tract Opens Near San Rafael

Marinwood Hills, a new luxury development, three miles north of San Rafael on Highway 101, has just opened. Builders and developers are Heers Bros. Heers Brothers are national home builders with headquarters in Riverside, where they have vast real estate holdings. They have constructed more than 1200 homes in the Santa Clara Valley, 1500 in Las Vegas, and have built homes in St. Paul. The Marinwood area, developed over a period of years, includes schools, churches, golf clubs and other facilities. SIX MODEL HOMES There are six furnished model homes open for inspection, furnished by Breuner's of Oakland. The buyer will have 20 elevations to choose from, and prices range from \$22,650 to \$27,000. A variety of loans are available. Models on display have three and four bedrooms with two baths. Construction features modern conveniences. They are equipped with General Electric kitchens with Texboro birch cabinets. A feature is a built-in five tube radio in the hood over the range area. There is central heating, tap light switches, fiberglass insulation, and hardwood floors. Closets are plentiful and extremely large, and the arrangement of the living and family room and bedroom areas have been designed for suburban living. There are brick fireplaces in the living and family rooms.

SHAKE ROOFS Exteriors include shake roofs, weatherstripping, sliding doors to the two-car garage. Sash and screens are aluminum. Front lawns, concrete drives, rear yard fencing, and all city improvements, including street lights, sidewalks, sewers, and curbs have been installed. Plans call for 124 homes, built in the rolling hills north of San Rafael.

Selections By Duo-Pianists Open Music Chest Series

By MAYBELLE SPECKMAN Duo pianists Pierre Luboshutz and Genia Nemenoff opened the 1959 Music Chest's silver anniversary series yesterday afternoon at Forest Meadows with a beautifully executed and tastefully chosen program. It was their third appearance since the first concert was given 25 years ago for the chest by Nelson Eddy—who wired his congratulations and best wishes for continuing success. The artists' program ranged from Mozart of the classical period through romanticists Robert Schumann and Serge Rachmaninoff to the contemporary Darius Milhaud. In a perfectly synchronized performance and blending of styles this husband and wife team did indeed—as Genia Nemenoff put it—"make music together," without any conscious leadership on the part of either. Nevertheless it seemed that she was more at home in Mozart's graceful and delicate mu-

Scooter Rider Slams Fence

A San Francisco youth was injured at 9:05 a.m. yesterday when his westbound motor scooter struck a fence post and knocked down 10 feet of barbed wire fencing along Pierce Point road in West Marin. The California Highway Patrol said the driver, Paul Martin Shohan, 19, failed to round a curve by the Kehoe ranch, 10 miles north of Inverness. Shohan, a shipping and receiving clerk for a San Francisco sportswear firm, complained of pain in the abdominal region after taking the spill. He was taken by United Ambulance to San Rafael General Hospital. After examination, he was transferred to Letterman Army Hospital in San Francisco. Officers cited him for driving at an unsafe speed and driving without a license.

Four Held On Beer Charge

Four Marin youths were arrested by San Anselmo police yesterday on charges of illegal possession of beer and wine. Booked at the county jail were Ronald J. Ray, 20, of 112 San Francisco boulevard, San Anselmo; William J. Parachini, 20, of 120 Sycamore avenue, San Anselmo; Daniel B. Arriger, 18, of 55 Corte Morada, Greenbrae, and a 17-year-old boy from Tiburon. Ray, Parachini and Arriger were released on \$100 bail each and ordered to appear in Marin Municipal Court at 1:30 p.m. today. The 17-year-old was taken to Marin County Juvenile Hall.

Ricardo Zzyzz Again Low Man In Directory

LOS ANGELES (UPI) — The long, suspenseful months of the annual wait are over for Ricardo Zzyzz. He learned this week that he is still listed last in the big, new Los Angeles phone book for the 11th consecutive year. Delivery of the new central section directory, revised each June, ended the anxiety of the 51-year-old merchandising executive, his wife and their four children—and also possibly for their dog, a miniature schnauzer named Zzyzzzy. A DIM VIEW "That's not my real name, of course," he said. "For gosh sakes, don't use my real moniker. There may be a vice president in my company who might take a dim view of this." Zzyzz, a million-miler in the United Air Lines select group of veterans air travelers, said he hit on the name of Zzyzz about 10 years ago. He said that in his extensive travels he had met many persons and often had invited them to call him when and if they ever came to Los Angeles. "It seemed the easiest way if I could say, 'Well, Joe, any old time you're in Los Angeles, pal, just call the last name in the phone book, and you'll get me,'" Zzyzz said. "And with a name like Zzyzz, it works." Zzyzz told United Press International that he obtained the number from the phone company by saying that Zzyzz was the pseudonym of the president of the LUNGS Club, also known as the Leave Us Not Get Serious Club. "Now as Ricardo Zzyzz I give out cards certifying each person is a vice president in the LUNGS Club," he said. SPANISH TOUCH Zzyzz said he became interested in Spanish during several trips to Mexico City and upon Ricardo as Zzyzz's first name. In the Zzyzz family, his wife, Eleanor, is known as Eleanor. The dog's name, Zzyzz, came from his desire to have her rank properly with other dogs. "Zzyzz is only one syllable," he explained. "Many dogs have names with two syllables—like Fido. My wife added the extra syllable. "We have a lot of fun," Zzyzz said.

Choirs Plan Final Concert At Seminary

Three separate choirs will perform in the final concert of the Summer Choir School at the San Francisco Theological Seminary, Friday. Guest conductor of the adult choir will be internationally known choral director, Dr. John Finley Williamson, who has been conducting classes in technique at the 11-day choir school. Dr. John Milton Kelly, director of the Summer Choir School, will conduct the youth choir. Mrs. Edna Kelly, music instructor at the seminary and at Katharine Branson School in Ross, will conduct the children's choir, composed of youngsters 6 to 11. Compositions by Bach, Schutz, Rachmaninoff and other well known composers will be sung by the three groups, including secular music and Negro spirituals. The orchestra will be composed of choir members, and three numbers will be accompanied by the English handbell choir. Wilbur Franklin Russell, instructor at the seminary, will accompany on organ and piano. The public concert will begin at 8 p.m. in the Seminary's gymnasium.

'Just One Of Those Days' — Rigney

SAN FRANCISCO (UPI)—Ed die Fisher, fresh from the minors, tested his knuckleball in the major league for the first time today when he toed the mound for the San Francisco Giants against the slugging bats of the on-rushing Pittsburgh Pirates.

On the sturdy shoulders of the 22-year-old ex-University of Oklahoma hurler went the burden of stopping the possible Giant tailspin.

The Giants, who led the National League for about 18 hours Friday night and Saturday, now are one and one-half games behind the Milwaukee Braves after a 13-3 shellacking yesterday and a 4-1 setback Saturday.

"We'll start Fisher today and

Sam Jones tomorrow night against the Pirates," said Manager Bill Rigney as he shrugged off the lacing by the Braves as "just one of those days."

"About two or three times a year, a good team will take that kind of a beating," said Rigney. "Usually, it has to come before a big hometown crowd."

That was the case yesterday as 22,934 turned out in sun-kissed weather in an attempt to root the Giants into first place.

They were soon disillusioned. The Braves, led by Hank Aaron, sent starting hurler Johnny Antonelli to the showers in the very first inning with a five-run outburst.

Aaron had a great day at the plate with three home runs, driving in six runs. In his other two times up, he struck out and fled to deep center.

"It was the first time in my life I ever hit three home runs in one game," said Aaron after the tilt. "It was one of those games where everything seemed to go right for us. San Francisco still is a very strong contending ball club."

But they didn't look it yesterday—either on the mound or at the plate. In addition to Aaron's homers, which brought his season's round-tripper total to 19, Del Crandall hit number five and Johnny Logan number eight.

Meanwhile, southpaw Warren Spahn just toyed with the

Giant batters, although he gave up a home run to Daryl Spencer in the second inning. Spahn said he suffered a cramp in his leg in a sixth-inning slide, but decided to stay in the game anyway. After that he gave up three safeties for a run in the seventh and two more hits brought in a run in the ninth.

Through the first six innings, the crack southpaw, who now has a season record of 9-8, had complete control of the situation.

He allowed five hits—never more than one in an inning—during that time. He got Willie Mays to pop up to first base three times. And outside of Spencer's homer, no Giant got as far as second base. For

the full game, he allowed 11 hits.

The three-game series, which Milwaukee won 2-1, drew 68,823, largest in history at Seals' Stadium.

Elsewhere around the league: Pittsburgh's third place Pirates split with St. Louis, winning 10-8 after the Cardinals had taken the opener 5-1. Cincinnati walloped the Los Angeles Dodgers 17-3 and the Chicago Cubs shut out the Philadelphia Phillies 4-0 behind Johnny Buzhardt's one-hit pitching.

Don Newcombe put on quite a show in Los Angeles. The big Cincinnati right-hander, traded by the Dodgers last June, registered his eighth victory and seventh in succession. He got four hits in four times at bat, driving in four runs and scoring three.

KRAVITZ SPREE

Catcher Danny Kravitz had 5-for-5, including three doubles, in the second game for the Pirates. Twelve doubles were hit, seven by the Cards. Three Red Bird homers, by Bill White, Hal Smith and Alex Grammas, helped Larry Jackson gain his sixth victory in the opener. Stan Musial walloped a double, the 652nd of his career, for a National League record. He had been tied with Hall of Famer Honus Wagner.

A third inning single by catcher Carl Sawatski was the only hit off Buzhardt. The 22-year-old right-hander allowed only one other batter to reach base, on a walk. Sammy Taylor's two-run homer, off loser Ruben Gomez, provided Buzhardt with more runs than he needed.

MacKay Wins First Round At Wimbledon

WIMBLEDON, England (AP)—Tall Barry MacKay of Dayton, Ohio, the only seeded American player in the men's singles tournament, won his opening match in the 73rd Wimbledon Tennis Championships today.

MacKay, seeded fifth, beat Ian Vermaak of South Africa 6-2, 6-2, 3-6, 6-2 in the first round. MacKay, a U.S. Davis Cup player, is on leave from the U.S. Air Force.

Neale Fraser, the Australian left-hander who is seeded second, defeated Pierre Darmon of France 6-4, 6-4, 6-2.

MULLOY WINS

Gardnar Mulloy, 45-year-old Miami player, defeated Anatol Jansco, a Polish exile who lives in England, 6-3, 6-3, 6-2.

Jon Douglas of Santa Monica, Calif., who was runner-up to Olmeda in the U.S. Intercollegiate Championship last year, pulled off a minor upset when he defeated Budge Patty, a Los Angeles native who lives in Paris, 4-6, 6-1, 6-1, 6-0. Patty is ranked 12th in the United States and Douglas 14th.

Bottle Thrown Through Window At Mays Home

SAN FRANCISCO (AP)—Somebody hurled a soft drink bottle through a plate glass front window yesterday at the home of Willie Mays, centerfielder of the New York Giants.

Mays, asleep in the house, called police. He said he tore up a note the bottle contained. At Seals Stadium later, he refused to discuss the incident or reveal the contents of the note.

Police said however, it made a reference to his race (Negro) and demanded that the Giants take first place in the National League.

Milwaukee regained first place from San Francisco Saturday with a 4-1 victory. The Braves increased their lead to 1½ games yesterday by shelacking the Giants 13-3.

Cardinals Sign Fresno State Ace For 30 Gs Bonus

FRESNO (UPI)—Leroy Gregory, Fresno State College's southpaw pitching ace, signed a bonus contract this weekend with the St. Louis Cardinals for a reported \$30,000.

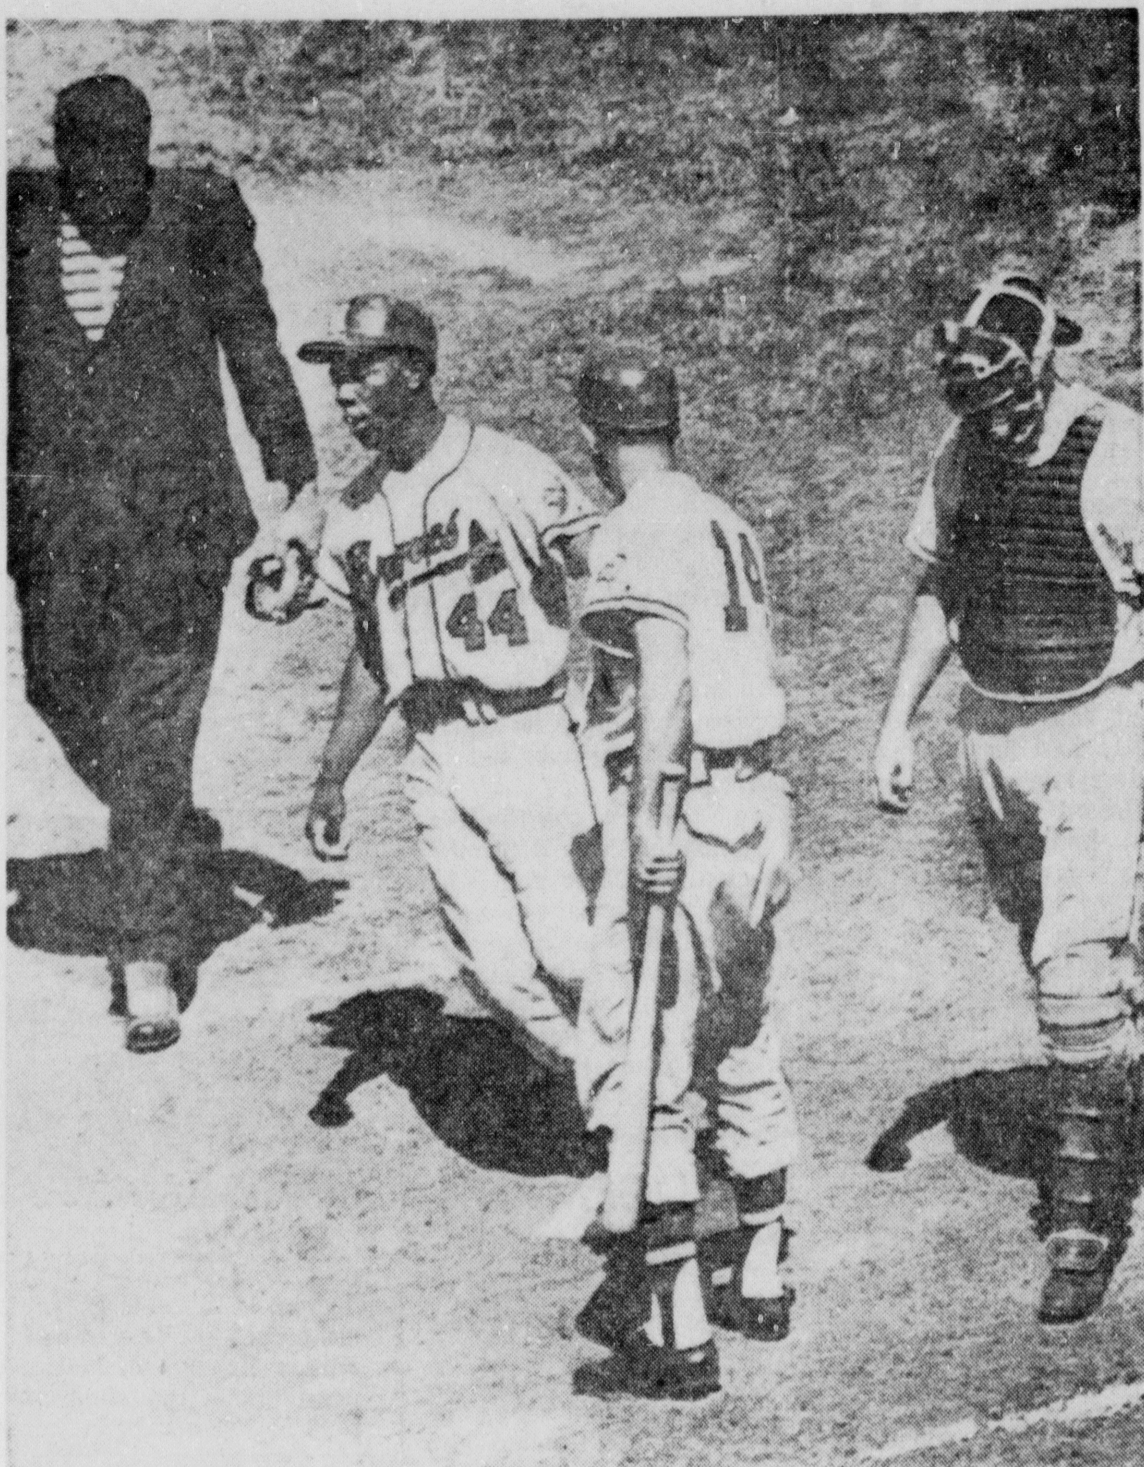

The 21-year-old sophomore from Coalinga, Calif., was scheduled to join the Omaha Cardinals of the American Association today.

Gregory, a 6-foot, 1-inch, 170-pounder, compiled a 10-0 record for Fresno during the regular season and 2-1 in the playoffs and was voted the squad's most valuable player. He pitched a seven hit shutout, fanning 13, last Tuesday against the University of Arizona in the NCAA championships in Omaha where Fresno placed third.

Boy, 2 Sisters Drown

POPLARVILLE, Miss. (UPI)—A 15-year-old boy lost his life yesterday while unsuccessfully trying to save two young sisters from drowning.

Buddy Smith drowned when he jumped into a creek to try to save Evelyn Reyer, 13, and her sister, Evon, eight. They drowned when they stepped into a 25-foot deep hole while wading.

Hub Pitcher Records 4th Straight Win

Star southpaw Bobby De Rosa stretched his scoreless inning string to 33 yesterday while hurling the Ongaro Plumbers of San Anselmo to a convincing 8-1 triumph over the Healdsburg Prune-Packers at San Anselmo.

De Rosa shut out the Packers on two hits for the first eight innings of the semi-pro game, then was relieved by young Nino Geminiani, who gave up the only Healdsburg run in the ninth.

The Plumbers got their first run in the opening round on a line drive home run by third baseman John Boccabella. They added three more in the third on singles, a walk, a hit batsman, a fielder's choice, and a squeeze bunt, then made it 7-0 in the fifth with three more tallies. They got a singleton in the seventh.

De Rosa pitched beautiful ball in giving Manager Dom Boccabella's team its fourth straight win without a loss. The Plumbers have now played 36 innings, and DeRosa has pitched 33 of them without allowing a run!

Bobby and his teammates will face the rough Ross N. Anthony team of San Francisco next Sunday. Game time is 1:30 at Memorial Park in the Hub City.

Enough Players For 3rd League?

10 Monday, June 22, 1959

HANLEY'S REPORT

Enough Players For 3rd League?

By JACK HANLEY
I-J Correspondent

All that talk about a third major league sounds sweet to untrained ears but just one question please:

"Where are the players going to come from?"

A third major league of eight teams with 25 men on each adds up to 400 players, the total now in each of the National and American League Leagues excluding the handful on disability or military rosters.

Virtually every one of the present 16 major league teams is short of men of big league ability. The Giants would like to have some depth in their bullpen not mention other soft spots. The Braves certainly would welcome a seasoned hand at second base. The Cubs painfully need capable defensive ball players. You could go on and on.

If the established teams with their far-flung scouting and farm systems have difficulty in finding one or two players to strengthen weak spots, how are 400 going to be flushed for an entirely new league?

If money alone could do the trick, the \$100,000,000 mentioned by William A. Shea certainly should do it even in these slightly inflated days of the dollar.

However, one hundred mil-

lion dollars can't pitch, play second or short or anywhere else. It can do a lot of things but that definitely is one thing it cannot do—play baseball.

SHEA was appointed head of a committee formed by Mayor Robert F. Wagner to try and obtain a second major league team for New York City which never has felt quite the same since the Giants moved to the Golden Gate. Obviously, in view of his \$100,000,000 announcement, Mr. Shea's efforts in his appointed mission were not successful.

So he called a press conference in the big city the other day and announced that announcement would be made July 1 and 15 of the formation of a \$100,000,000 third major league.

AND HE mentioned some impressive names, Mr. Charles S. Payson, Mrs. Dorothy Kilham and Dwight F. Davis, Jr., as backers of the third league financially. All three not only are members of famous sporting families but rate gold-plated references in Dun & Bradstreet credit listings.

Following Shea's announcement of the forthcoming announcement next month, the capable wire service reporters rounded up comments from all of the present major league owners and Ford Frick, commissioner of baseball.

Everyone responded with innocuous quotes and all of them had the same monotonous ring: "A third major league would be healthy and welcome."

Naturally, that would be the universal reaction. If the owner of a major league club now in business were to say "I'm against it," he would be served forthwith with a summons from the attorney general's office to answer a few questions about monopolistic thinking. None of the club owners want to visit Washington during the summer heat.

PERHAPS THE key question was not put to them: "Where are the players coming from?" In any event, neither Mr. Shea nor anyone else seems to have the answer to that.

Just before Bill White and Ray Jablonski were traded by the Giants to the Cardinals for Sam Jones as spring training was coming to a close, the Cleveland general manager Frank Lane said he was willing to pay \$150,000 for White.

Asked about that price tag while preparing to pack his bags for the trip to St. Louis, White said: "You can't pitch \$150,000." And it is just impossible to pitch \$100,000,000.

Cardinals Sign Fresno State Ace For 30 Gs Bonus

FRESNO (UPI)—Leroy Gregory, Fresno State College's southpaw pitching ace, signed a bonus contract this weekend with the St. Louis Cardinals for a reported \$30,000.

The 21-year-old sophomore from Coalinga, Calif., was scheduled to join the Omaha Cardinals of the American Association today.

Gregory, a 6-foot, 1-inch, 170-pounder, compiled a 10-0 record for Fresno during the regular season and 2-1 in the playoffs and was voted the squad's most valuable player. He pitched a seven hit shutout, fanning 13, last Tuesday against the University of Arizona in the NCAA championships in Omaha where Fresno placed third.

Buddy Smith drowned when he jumped into a creek to try to save Evelyn Reyer, 13, and her sister, Evon, eight. They drowned when they stepped into a 25-foot deep hole while wading.

MEXICO STAR BEATEN

Crawford Captures Marin Tennis Title

Mexico Davis Cup star Rafael Osuna supplied the color, but it wasn't enough to cope with the power of U.S. Davis Cupper Chris Crawford yesterday in the finals of the Marin Invitational Tennis Tournament at Mill Valley.

The tall, 19-year-old Crawford, who lives in Piedmont Hills, overpowered Osuna by a 7-9, 6-4, 6-4 margin in their one hour and 45 minute match before a capacity crowd of 350 fans.

Osuna, one of the fastest and most colorful players in the game, entertained the

crowd with his play, but he just couldn't handle the bullet shots of Crawford who was making his best showing of the year.

Crawford had gained the finals by beating Clint Arbuckle 6-2, 6-2 in quarter finals and Tom Edlefsen by default in the semis. Edlefsen had to pull out of contention when he became ill after a strenuous and thrilling 6-3, 2-6, 7-5 quarter-final victory over Dr. Conway Catton.

Osuna eliminated Norm Brooks, 5-7, 6-3, 7-5 in the quarters and Stan Hack, 4-6, 6-4, 6-4 in the semis. Hack, the Air Force champion stationed at Hamilton Air Force Base, is the son of the manager of the Denver Bears baseball club.

Crawford and Osuna teamed up to win the doubles crown with a thrilling 6-3, 6-8, 8-6 victory over Norm Brooks and Hack. Brooks had won the Marin title 20 years ago teamed with Frankie Kovacs and was really gunning yesterday for a repeat.

An added attraction yesterday for the sun-baked crowd was an exhibition match in which Barbara Benigni, national junior hardcourt champ, defeated State Champion Farel Footman, 7-5, 6-3.

BOWLING

Les Colombo's 790 series for four games, including a 233 sparkler, led the field Friday night in the Scratch League at Greenbrae Lanes.

He led The Plaza team to high series of 2255.

FRAN ROUSE of Novato Joe's team hit a 549 three-game series, featuring a 201 single, to lead the Ladies Trio League Friday night. Her Novato team posted high series of 1293.

Krishman Wins Crown

LONDON (AP)—Ramanathan Krishman of India defeated Australia's Neale Fraser, 6-3, 6-0 Saturday in the finals of London tennis championships.

Record Crowd Sees Indians Hand Yankees Double Defeat

By ASSOCIATED PRESS
The Cleveland Indians owned their biggest lead in the American League since May 26 today and they owe it to the determination and the strong right arms of pitchers Cal McLish and Jim Grant.

It was McLish and Grant who slowed up the on-rushing New York Yankees yesterday by pitching the Indians to a double-header sweep, 4-2 and 5-4 in 14 innings. The victories boosted the Indians' first place margin to two games over Chicago and shoved the defending champion Yanks back into the second division.

ORIENT THE WINNER

Gambles Pay Off In Bay Regatta

By ALFRED MATSON
In the Richmond-Berkeley Regatta of yesterday the skippers were confronted with some new courses and hence new plans of strategy were in order. The starts were from midway between the Richmond shore and Angel Island and two of the courses, B and C, had the buoy of the St. Francis Yacht Club and Crissy Buoy as their windward marks. The tide was flooding and therein lay the fountain head of the great decision—should one gamble on the shorter course, but fickle winds and strong current of Racon Strait or play it safe on the open beat to the S.P. shoreline? The wind was not fickle nor the tides too strong and so the gamblers picked up all the marbles.

BARNUM MISHAP

The Orient was the major domo of the winning parade as Bruce Eason had her playing the shoreline in a way reminiscent of his youthful days in the Acorn class Eight Ball. He brought the Orient across the finish line five and one half minutes ahead of the Baruna. In the latter's defense, however, it must be stated that at the very start, the so-called bicycle winch on the after deck, while under the strain of the big jenny, literally blew apart. Four of the crew, Roger and Ned Towne, Al Walz and Steve

The largest crowd of the major league season 68,680 — at Yankee Stadium sat through seven hours and 14 minutes and saw McLish and Grant go all the way, although giving 25 hits between them.

McLish registered his seventh victory despite allowing 11 hits in the opener. He left 13 Yankees stranded. Grant hurled all 14 innings in the nightcap, winning his fifth as yielded 14 hits. He left 12 Yankees 'stranded.

PIERCE WINS
Billy Pierce pitched the White Sox into second place, with a 3-2 triumph over Boston that dropped the Red Sox into the American League cellar, two percentage points behind Washington. The Senators climbed up to seventh, thrashing Detroit 4-3 and 7-5. The double defeat lowered the Tigers into a third place tie with Baltimore, which bowed to Kansas City 7-0.

Rock Colavito and Vic Power shared the hitting honors for the Indians. Each hit two homers, one in each game. Colavito's first game homer, with a man on base in the third inning, proved to be the winning blow. Power's second homer came in the 14th inning of the nightcap and snapped a 4-4 tie. The blow came off Jim Coates, third Yankee pitcher, who had given up a run in the 13th only to have the Yankees get back in their half of the inning.

YANKES FIFTH
The double defeat dropped the Yankees into fifth place, 3½ games off the pace. A sweep would have boosted the Yankees, who had won five straight and 17 of their last 23, into first place by half a game.

Pierce won his eighth game with a six-hitter against the Red Sox. He got one of Chicago's seven hits and drove in what proved to be the winning run with a force play in the fourth. Boston had the tying run on second with one out in the ninth, but the veteran southpaw disposed of the next two batters without further damage. Home runs by Harry Simpson and Sammy Esposito accounted for Chicago's first two runs.

Washington's double win was its first of the season. The Senators overcame a 3-0 deficit in the opener, then scored the winning run in the ninth when Detroit pitcher Barney Schultz let Harmon Killebrew's two-out grounder with the bases full go through his legs.

Merchants Snare Gallinas Title

The Merchants won the first half championship of the Gallinas Valley Little League last week with a final record of nine victories against only one defeat.

The Beavers finished second with an 8-2 mark, followed by the Odd Fellows, Redwood Sports Shop and Red Sox each with 4-6 and the Lions 1-9.

The second half of the schedule begins tonight at 6:30 o'clock, Castro Field in Santa Venetia, with a game between the Odd Fellows and Lions.

Norton Wins Pair In AAU, Leads International Team

BOULDER, Colo. (P) — The Stars and Stripes will be carried into international track and field competition this summer by a balanced array of veteran champions and bright young newcomers.

The athletes who finished 1-2-3 in the National AAU Championships during the weekend will represent the United States in the Pan-American Games at Chicago beginning Aug. 28.

The top two finishers meet a Russian dual team in Philadelphia July 18-19. Other leading performers were picked on squads to tour Germany and Scandinavia.

Three of the brilliant youngsters are sprinter Ray Norton, San Jose State senior; miler Dyrrol Burleson, Oregon's freshman sensation, and Tom Murphy, the New York Athletic Club's 800-meter runner.

But one of the best in the AAU, Charlie Tidwell, Kansas University junior, failed to make the traveling teams because his specialty—200 meters

Ford Snaps Win Drought At Montreal

MONTREAL (P)—The long drought has ended for 36-year-old Doug Ford.

The free-swinging veteran from Paradise, Fla., was beginning to think that perhaps he'd never win another golf tournament. All through the pro circuit this year, he has been near, but never quite at the top.

But yesterday he came from behind a one-stroke deficit to capture the Canadian Open with a 72-hole total of 276, and haul down top prize of \$3,500.

Ford shot a final round of 2-under par 70 to finish the tournament 12 strokes under regulation figures. He was two strokes to the good of three runners-up at the end.

One of them was Dow Finsterwald of Tequesta, Fla., who shared the third-round lead at 205 Saturday with Bruce Crampton of Sydney, Australia. But Finsterwald blew to a 3-over-par 8 on the second hole. He finished with a 73 for a 278 total.

3-WAY TIE
Tied with him for second place and collecting a \$1,866 each were Art Wall Jr., of Pocono Manor, Pa., who lost his chance for top money when he hooked into the rough and bogied the 17th, and Bo Wingler of Odessa, Tex., who shot a 68 on the last round.

Crampton, 23-year-old blond Australian who became a gallery favorite after taking the lead on the second round, fell apart completely. He soared to a 75, three over par, and was left in a tie for fifth at 280.

U. S. Open champion Billy Casper had a 66 on the final round but finished well back at 283.

'Cycle Champion Smashes Record

LACONIA, N.H. (P) — Brad Andres of San Diego broke his own record yesterday in winning the 100 mile national championship road race for motorcycles.

Andres, the only man in the history of the 21-year-old event to win four times, clipped five seconds off his 1956 record of one hour, 42 minutes and 59 seconds.

Dick Mann, El Sobrante, Calif., led most of the way, but was forced to the pits with engine trouble on the 92nd lap. He settled for third place, 37 seconds back of Andres. Joe Leonard, San Jose, Calif., was second, 15 seconds back.

Ingo Loafs, Champ Works Hard As Title Go Nears

CHATHAM, N. J. (P) — While Ingemar Johansson played golf and swam with his fiancé at a plush mountain resort, heavyweight champion Floyd Patterson sweated out 4½ pounds in the oven heat of an old-fashioned training camp.

The contrasts between the training methods of the unbeaten challenger from Sweden and the champion never was more pronounced than it was yesterday.

Johansson finished his boxing Saturday at Grossinger, N. Y., sparring six rounds without throwing his right hand more than six of seven times. He will do no more ring work until the fight Thursday night at Yankee Stadium.

Patterson cut his work to two rounds at Ehsan's camp where about 1,000 spectators crowded inside and around the tiny gymnasium. Trainer Dan Florio said Floyd weighed 184½ pounds when he started. After the workout, the champ said he weighed 180.

In many ways the scene at Chatham reminded you of the old days at Pompton Lakes, N. J. when Joe Louis' camp drew bus loads of Sunday visitors at a fee. There was one important difference. No admission is charged at Patterson's camp. Somebody spread a rumor that there was free beer.

CHAMP FLURRIES

The champ planned to box three or four rounds. Instead he went only two, one each with Bill Tate of Chicago and Lou Jones of Rockford, Ill. He concentrated on defense but had to be called off by his trainers while battering Tate against the ropes. He also threw a fast flurry at Jones.

Rocky Marciano, the retired undefeated champ was at ringside.

"This is the fastest heavyweight I ever saw," said Marciano, who said he weighed 220 pounds. "I wouldn't like to compare him with Johansson. I only saw Johansson two rounds Saturday."

Meanwhile, back in the Catskills, Johansson had finished 18 holes of golf and a 10-swim in the pool with his fiancé, Bir-

git Lundgren, and his sister, Eva.

Newsmen crowded around him. Someone said, "Are you nervous with the fight close at hand?"

The handsome Swede answered quickly and clearly. "Why should I be? I am a professional."

PALAI, KEMP PACE M.V. '9' TO 6-5 WIN

The booming bats of Don Palaia and Ed Kemp combined beautifully to power the Mill Valley Merchants to a 6-5 triumph over the Realm Realty of San Francisco.

Palaia hit a home run and a double and Kemp went three for three as the Merchants chalked up their second straight win. They teamed up the bottom of the eighth to provide the winning run as Palaia hit a double, was sacrificed to third by Bill Eberhart and came home on Kemp's sacrifice fly.

The Merchants erupted for five runs in the second frame, featuring Palaia's homer, back-to-back triples by Kemp and Eberhart, three walks and a two-run single by Jim Jambois.

Merchant pitcher Bruce Anderson threw a seven-hit-ter and burned through 16 strikeouts.

Longest, Deepest Pipeline Ever
A-Building Under Water Near L. A.

LOS ANGELES (AP) — The largest, longest, heaviest, deepest pipeline ever assembled under water.

That's what engineers call a 21-million-dollar tube now being laid on the ocean floor in sections to discharge waste water into the sea.

The pipeline eventually will extend 6.22 miles off the Hyperion sewage treatment plant. Two miles of it have been installed. Each section laid is 192 feet long and 14 feet in diameter and weighs 720 tons.

Here's how rugged, tin-helmeted workmen play the giant game of underwater jackstraws:

In Long Beach Harbor, United Concrete Pipe Corp. is building 1,328 lengths of the pipe. Each is 24 feet long and weighs 90 tons. Eight make up a 192-foot section.

Lengths are formed into sections on a barge. The barge is then submerged and a pontoon the size of a section of pipe floated on top of the pipe. Heavy wire slings are strapped around pontoon and pipe.

Three to five nights a week, weather permitting, a tug tows the heavy cargo around the Palos Verdes Peninsula to the installation project off El Segundo and Playa del Rey. The trip takes seven hours.

At 5:45 a.m., a boat takes 26 men wearing helmets and

orange lifejackets to a construction tower standing on stilts.

They scramble up 50-foot-high boarding nets to their workshop in the sea—a five-million-dollar platform custom-built to lay the pipeline. Its deck, 210 by 120 feet, is a maze of winches and machinery with a 100-ton crane in the center.

A tiny tug named the Ant helps gingerly guide pontoon and pipe into place below the platform. Ten lines from the platform are secured to the pontoon. Eight valves are opened, and tons of sea water flood the pontoon. The 720-ton section of concrete is lowered to the sea floor—85 feet down at present. At the ultimate six-mile distance the depth will be 185 feet.

Two divers, Kenny Knott, 38, of Torrance, and Otis Smith, 44, of El Segundo, sink with the section and guide it into place. Over a loudspeaker they tell winch operators which lines to lower, lift or tighten.

When the spigot end is inserted into the bell, a rubber gasket inside the foot-thick pipe walls seals it under compression.

The crane on the deck pours 1,200 tons of rock down a chute to cradle the pipe. The pontoon surfaces. Water is blown from it, and it's towed back to Long Beach for another section of pipe.

Hydraulic jacks lift the platform's 27-stories-high, 700-ton legs. The platform is pulled 192 feet farther out to sea. The legs are drilled back into the sandy sea bottom and the platform is ready for the next splicing. Engineers say it's the largest offshore mobile platform ever built.

The pipeline is scheduled to be completed early next year.

Herter To Tell
Nation About
Geneva Talks

WASHINGTON (AP) — Secretary of State Christian A. Herter announced after an hour-long conference with President Eisenhower today that he will make a television report to the American people tomorrow night on the deadlocked Geneva conference.

Herter met with Eisenhower and Undersecretary C. Douglas Dillon at an 8 a.m. White House breakfast meeting. He said his first hand report to Eisenhower was couched "in general terms" and included an evaluation of "where we are" in the deadlocked foreign ministers negotiations at Geneva.

REPORT TO PUBLIC

The secretary said he would make a detailed public report by television tomorrow night. Details of the Herter broadcast will be announced later.

Reporters asked Herter what he thought of prospects for a summit meeting this summer.

The secretary declined to hazard an estimate, but said a summit conference was not discussed with the Russians at all during the Geneva talks.

IKES POSITION

This was in line with Eisenhower's repeated public position that there must be some measurable progress at the Foreign Ministers' Conference as a preliminary to any top-level meeting of the major powers.

It was understood that Herter gave Eisenhower an expert on-the-scene evaluation of current Russian tactics as reflected in Geneva.

FLIES HOME

Herter flew back from Europe yesterday with the firm belief that Russia's aim is the absorption of West Berlin and West Germany into the Communist orbit.

He was expected to report later to the House and Senate Foreign Affairs Committees. The President in turn scheduled a cabinet meeting for early afternoon.

In a public opinion poll in Sweden, about 30 per cent of those questioned said the United States is the country they would most like to visit.

Yank Warns
Guests In Italy
Hotel Blaze

ROME (AP) — Former football star John Sims (Shipwreck) Kelly—robed in Kelly green—rushed American and European tourists from an early yesterday-morning hotel blaze that took three lives.

"To everyone he was the man in the green bathrobe—the man who did most to get the guests out of their rooms," said Charles M. Gilman of Gilman, Conn.

The ex-footballer at the University of Kentucky, now 49, made repeated trips back into the hotel to warn other guests and help them out.

He himself said he "didn't do anything but wake people up" after hearing the screams of hotel maids as they jumped or fell from the top story of the five-floor Ambasciatori Hotel on Rome's famed Via Veneto.

The dead and two injuries were employees of the hotel.

Although some of the guests managed to pack their bags before fleeing to the street, a few slipped into the first thing they could grab.

American women used up 95,568.192 tubes of beauty preparations in 1957, according to the Collapsible Tube Manufacturers Assn.

Adenauer, Rival Erhard
In Showdown Battle

BONN, Germany (UPI)—Chancellor Konrad Adenauer and Vice Chancellor and Economics Minister Ludwig Erhard met face to face today in a showdown session that may settle their political feud.

The two men were present when the executive committee of the ruling Christian Democratic Party met to discuss the running battle in which Erhard feels he must defend his honor.

There was a possibility the man who has guided West Germany's amazing postwar economic recovery would quit the cabinet unless he got proper satisfaction from Adenauer and the Christian Democratic Party.

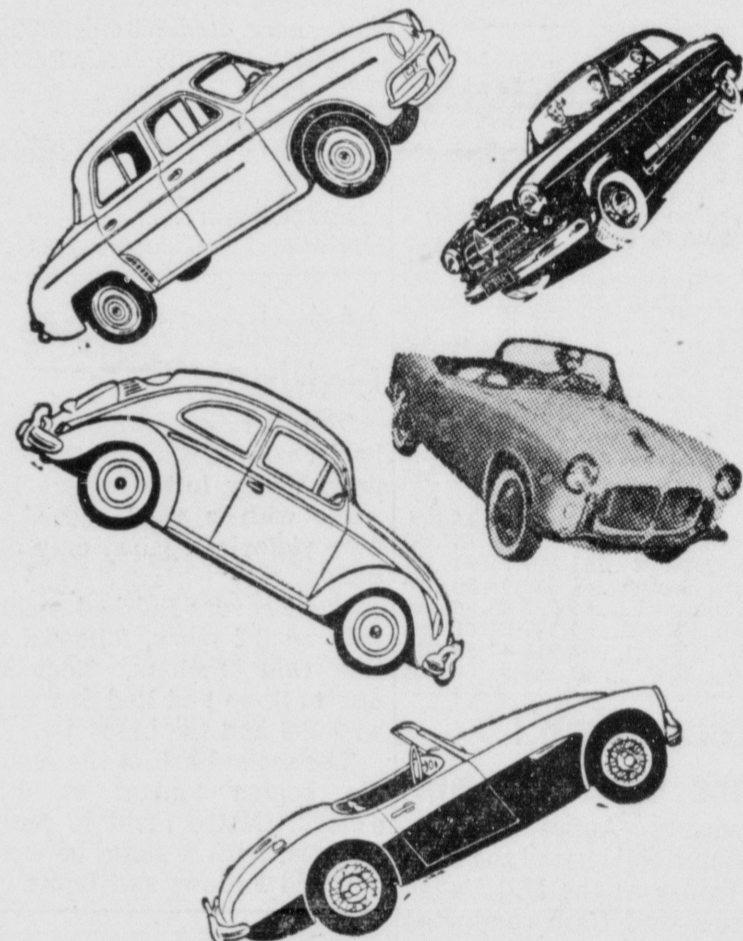

The pudgy economics minister was scheduled to take his fight with Adenauer to a caucus of the party's parliamentary faction shortly after his arrival here.

He appeared to have built up some strong support over the weekend as the result of reaction to some of Adenauer's remarks.

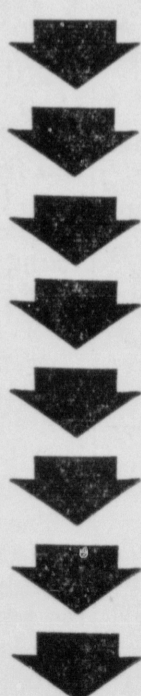

The speaker of the house, Eugen Gerstenmaier, said the 83-year-old chancellor had "gone beyond the bounds of responsibility" in attacking Erhard.

He said the feud had begun to affect the stability of West Germany.

Crux of the fight is whether Erhard is capable of taking over as chancellor after Adenauer quits. Adenauer thinks Erhard is a fine economics minister—and was prepared to say so today—but he does not think much of his potential as chancellor.

ONE DOWN, MORE TO GO—Wilbur Plaughter of Prather, famous for his clowning antics in the rodeo arena, shows he can do more than get laughs as he tussles with a long-horn steer just released from a shoot at yesterday's fast-moving rodeo. More than

100 professional cowboys thrilled an estimated 2,000 to 3,000 onlookers with the hard-riding show. It was the Western Weekend's first Wild West Rodeo. Temperatures which soared to 100 degrees didn't discourage the spectators.

Western Weekend A Roaring Success

GAME FIRE CHIEF IN THE RING — George J. Cavallero, chief of the Novato Fire District, shows his sporting spirit as he wrestles with a frisky young bull in the surprise event at

yesterday's rodeo. It was even a surprise to Chief Cavallero and four Novato dudes who pitched their novice skill against the tough critters.

BATONS FLYING HIGH — Georgia Blackwell of Novato gives one of her two spinning batons a toss as she displays the form that won her first place prize in the senior individual majorette category in Saturday's high-stepping parade.

SPEEDSTERS STIR THE DUST — Midget racers tear up the track at the Patterson Ranch in one of Saturday's noisiest and most action-filled events. Nine youngsters, ranging from age 8 to 11, took

the wheels of their tiny cars in true Indianapolis tradition. The event was sponsored by the Marin County Quarter-Midget Assn.

BIG APPETITES, BIG BREAKFAST — Hungry Western Weekenders turned out in record numbers Saturday morning for the famous Buckeroo Breakfast of flapjacks and sausages. An estimated 1,200 men, women and children turned out under open

skies to consume the hot-off-the-griddle victuals served up by 30 husbands and wife teams, all members of the sponsoring Mariner's Club of the Novato Presbyterian Church.

Reed Guild Dance Planned Saturday

From a "little grass shack" on the edge of the swimming pool at the Southern Marin Recreation Center, the Reed Guild of Sunny Hills will dispense Polynesian punch and hors d'oeuvres preceding its annual dance Saturday night.

Members and guests will arrive at 7 p.m. for a swim and following the cocktail "Happy Hour," will be seated on cushions at low tables for an island chicken dinner. Reed mats and special floral arrangements will be used on the tables and palm trees and tropical fish will be featured in the general decor.

An area specially surfaced around the pool will be available for dancing so that guests may dance outside as well as in the main room of the center.

General chairman for this "Island Interlude" is Mrs. James Campbell. Planning the "Happy Hour" is Mrs. Carl Lanus and Mrs. Stanley Peterson heads the decoration committee. Food chairman is Mrs. David Kamp. Tickets are being handled by Mrs. Dean Larson with Mrs. Bruce McAllister in charge of reservations.

Proceeds from the dance will purchase supplies for the Guild's booth "The Teahouse of the October Noon," from which they will serve tea and cookies and sell tabis and exotic jams at the annual Grape Festival to be held October 3.

Delegates For Legion Auxiliary Meet Listed

Marinites from three American Legion Auxiliary units in the county are busy planning for the annual state convention scheduled for June 25-28 in Santa Monica.

Business sessions of the 40th Department conclave will be held in the new three-million-dollar Santa Monica civic auditorium where an estimated 2,000 delegates and guests will attend from all parts of California.

The Miramar Hotel will be the Auxiliary headquarters, point of registration, setting for the committee meetings and the gala State banquet event which will host the national president, Mrs. Charles Gunn of Portland, Ore.

Named to represent District 5 at the convention committee meetings from San Anselmo Unit were Mesdames Henry Sanborn, press; Walter Johnson, Americanism; and Ethel Greenwood, national security. Mrs. Richard Brown, state finance member, will conduct finance recommendations to the budget with other members of that committee.

Twin Cities members named to District committee assignments include Mesdames William Wagner, resolutions; Bryce Florence, community service; and Francis Fugate, civil defense. Mrs. Fugate will also participate in the joint press-editor's committee meeting in her official capacity of State editor for the Auxiliary News.

Other Marin delegates and alternates named to the State convention are Mesdames Maurice Angland, Ralph Slonecker, E. Greubel, George Graham,

William Cavanaugh and Paul Rice, all of Mill Valley.

Also from San Anselmo Unit are Mesdames Lawrence Halpin, Jean Lestenguet, Ernest Johnston, Joan Liebeskind and Lawrence Schlosser. Mrs. Delbert Brown of the Unit is delegate in her own right by virtue of having served as a State president in 1954-55.

Other Twin Cities delegates include Mesdames Edwin Olmstead, Albert Bryant, James Green and Albert Carstens.

The 40th annual conclave will review year's progress in Child Welfare, Veteran Rehabilitation, community service programs, education and other phases of volunteer work carried out by some 580 units throughout the state.

Climax of the business sessions will be the election and installation of new state leaders, 29 district presidents, their vice presidents and second vice presidents. To be installed for District 5, of which Marin is a part, will be Mesdames Wagner, president; Albert Gambetta, vice president, and E. Hagerson, second vice president.

Final Plans Made For Garden Party

Final plans have been made for the garden party and fashion tea to be staged by the Northgate Group of the Marin Art and Garden Center on Wednesday at Orchard Lawn, the home of the late Mrs. Frances Young in Ross.

Fashions will be shown by Grace Graham of Kentfield with hairdo's by the Town House of Ross.

Miss Mattos Feted With Pantry Gifts

A surprise pantry shower honoring Jacqueline Mattos of San Rafael, who will become the bride of Eugene M. Colteaux of San Anselmo on Aug. 8, was given by Miss Martha E. George at the home of her parents.

A color scheme of pink, white and turquoise was carried out in the table decorations, centerpiece of which was the cake with "Best Wishes—Gene and Jackie" in intertwining pink hearts.

Attending were Mesdames Frank J. Mattos and Harvey L. Martin, the bride-elect's mother and sister; Charles W. Rutland, Michael McCann, Frank R. Warner, Don L. Stevens, Harry A. Thomas, Fred Redden, Stanley J. Fontez, Joseph Coffrini Jr., Ernest E. George; Miss Frances Cerini.

Sending gifts, but unable to attend were Mesdames Charles

L. Colteaux, mother of the future benedict; Jack W. Shields, James W. Carter, James M. Miller, Joseph G. Milani, Clair S. Richardson, Warren Eggers, Marriott W. Montague, Carl N. Burton, Ralph W. Mihan, William C. Tillet, Howard E. Langford, Anthony Simontacchi, Teresa Ronan; Miss Geraldine Ahern.

Vacationing? Pick Clothes Beforehand

An 18-year-old high school senior writes for advice: "I live in Chicago where saddle oxfords, sweaters and skirts are worn most of the time, but I plan to spend the summer with my grandmother in Atlanta, Ga. I was told the girls wore feminine clothes down there and bought a good supply of cotton dresses, but now my mother says I will be out of step in the oxfords, and I have spent my budget on other clothes. My grandmother says not to worry about it. What do you think?"

There are wide differences in wardrobe tastes among the high school crowd across the country. Girls in the South do dress up their feet a wee bit more than girls up North, barefoot jokes to the contrary.

A spring favorite in Atlanta, for instance, was a melon colored brushed leather bootie with a stitched seam running from the toe to a decorative tie at the top of a high vamp, if that gives you an indication of what to expect. The climate and weather conditions influence the choice of clothes around the country and lighter and more fragile shoes and dresses may be worn in warm, dry areas.

In Florida, colorful tapered pumps are seen on dance floors. The sizzling colors—orange, red and green—are hot news with teen-agers in the South. One young vacationer chose a yellow soft smooth leather shoe with a black patent leather insert lengthwise in the center of the vamp. Hot cha colors in heels are popular 'too, worn with somber hued uppers.

In Silver Springs, Md., and Washington, D.C., teen-age girls show a strong liking for shoes to match polka dot dresses. Dallas girls love the popular little heels—sort of squashed down versions of the Louis and Queen Anne styles. The Dallas girls, among the best dressed girls in the country, like black buck oxfords for casual and school wear. Brown moccasins are their second choice. These styles are popular, too, in the Rocky Mountain regions.

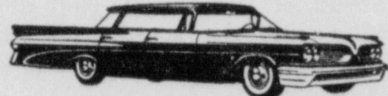

Your saddle oxfords are popular with girls from Chicago to Omaha and as far east as Cincinnati but you need not stick to traditional black or brown with white. New combinations include white with orange, muted green and cool turquoise. These are the vivid colors worn in high style pumps and two-tone leather dress-up shoes in Los Angeles. East Coast sub debs prefer shoes with a delicate look.

When choosing a vacation wardrobe, a great deal does depend on the vacation spot.

Peter Pike is second vice president, Bennett Skewes-Cox is treasurer, A. Crawford Greene Jr., parliamentarian, Clarence Amonette, auditor; Charles Doyle, recreation chairman; Dr. Joseph Guthrie, safety and juvenile protection chairman; Dr. Harold Lyons, health chairman; Noble Hamilton, ways and means chairman and John Scott, education chairman. Other executive board members for the coming year are: Mrs. E. H. Osterloh, first vice president; Miss Marian Gumz,

third vice president and Mesdames James Reed, recording secretary; R. Farrington Jones, corresponding secretary; R. E. McKendry, historian; Hal Moore, legislative; William Zimmerman, publicity; Edward Gilmore, hospitality; Lawrence Smith, P-TA Reporter; Thomas Mulvin, membership; Donald Sederberg, secretariat; Joseph Guthrie, assistant recreation chairman; James Russell, art and poetry; Carl Welz, music; T. Griggs-Werkman Rite In Princeton Chapel

On Friday, in the Princeton University Chapel, Miss Mary Suzanne Werkman, daughter of Mr. and Mrs. Kenneth S. Werkman of Princeton, N.J., became the bride of George Raymond Griggs, Lt., U.S.M.C., son of Mr. and Mrs. Raymond Griggs of Fairfax. The Rev. Dr. Richard Luecke officiated.

Katherine Hamilton of Buffalo, N.Y., was the maid of honor.

Attendants were Patricia Helm, Lansdowne, Pa., Wilma Walker, Berkeley; Gay Witt-

Sandal type shoes that leave much of the foot exposed are not popular in large cities where one risks stepped-on toes, or the atmosphere generally is more formal. These are reserved by most Northern city girls for beach areas.

One of the fun things about a Southern vacation is the dress-up part of it. You can have fun being completely feminine. A good stock of handkerchiefs comes in handy, too, for dropping purposes. Chivalry in the South didn't end with Scarlet O'Hara, they tell us. Southern boys like helpless women. Enjoy it while you can. Times are changing.

Mark Anniversaries In Carmel Valley

Mr. and Mrs. Harold Elliott have returned to their home in San Rafael following a vacation in the Carmel Valley where they celebrated their 29th wedding anniversary. Also observing their 29th wedding anniversary in Carmel were Mr. and Mrs. Walter Boland of Stinson Beach, formerly of Ross.

Miss Roberts Gives Details For Wedding

Mr. and Mrs. Marc A. Truitt of Fairfax, are announcing the wedding plans of their only daughter, Eleanore Anna Roberts.

She will become the bride of Edward Morry Cain on June 27 at the First Baptist Church of San Anselmo. The wedding will take place at 3 o'clock with reception following the ceremony at the San Rafael Improvement Club.

The bride-elect, who will be a June graduate of Sir Francis Drake High School, is the sister of J. L. Keen of Ocean-side, Calif., and John W. Roberts of Fairfax, who also attends Drake High School. She is a part-time employee at Webb and Rogers Drug Store in San Rafael, and attended Marin Beauty College in San Rafael.

The bride-elect is the granddaughter of Mr. and Mrs. W. L. Sanders of Boise, Idaho, and of Mrs. Alma Dodd of Andacosta, Montana.

The future benedict, son of Mr. and Mrs. Edward J. Cain of San Rafael, is also a graduate of Sir Francis Drake and attended College of Marin. He is employed at the Pacific Telephone Co. in San Rafael. He is the grandson of Mr. and Mrs. John R. Morgenstern of Penn. and Mr. and Mrs. Gilbert Hunter of Nashville, Tenn.

Honor attendants in her wedding will be Carol Parish, maid of honor; Daren Dunning, Paula Hetzner, Frances Brett, and Jackie Coffey will be bridesmaids.

Mrs. Jane Coursin Luncheon Honoree

Mrs. Jane Nowland Coursin was the honor guest at a recent bridge luncheon given by Mrs. Robert J. Nelson in the garden of her Chula Vista drive home in San Rafael.

Mrs. Coursin was presented a gift along with a cake in the shape of the ship on which she and her daughter, Jill, will sail on June 29 to France for Geneva, Switzerland, where they will make their home.

Mrs. Coursin and her daughter have been visiting her parents, retired Maj. Gen. and Mrs. Bob Nowland of San Rafael.

JUNE 27 has been set as the date for the wedding of Eleanore Anna Roberts, above, daughter of Mr. Mrs. Marc A. Truitt of Fairfax, and Edward Morry Cain of San Rafael. The ceremony will take place at the First Baptist Church in San Anselmo.

B'nai B'rith Women To Mark 20th Year

When the Marin County Chapter of B'nai B'rith celebrates its annual summer fundraising luncheon and fashion show on Wednesday, July 8, in the garden of Mrs. David Rosenberg, 41 Moncado way, San Rafael, it will be entering the 20th year of its existence.

During that time the membership has increased from 26 charter members to its present total of 168 members.

The money earned by the fund-raising luncheon will be used to support the many and varied philanthropies of B'nai B'rith, including the National Jewish Hospital in Denver for tuberculosis and asthma cases; the Leo N. Levi Memorial Hospital in Hot Springs, Ark., for arthritic victims; the B'nai B'nai Center at Mayo Clinic.

Mesdames Jack Krug and Morris Bode are co-chairmen

of the July 8 event, which will be designed on the theme of "The Golden Years," commemorating the 50th anniversary of B'nai B'rith Women. Mrs. Sam Goldbaum is in charge of decorations and Mrs. Carl Schwartz, equipment. Fashions from Modern Eve will be selected to carry out the "Golden Years" theme.

Members of the committee of the day are Mesdames Chester Patnoe, Jack Berliner, Jack Shane, Art Abrahams, Jacob Greenfield, Fred Rosenberg, Harry Yaffee, Max Schapiro, Max Simpson, Chester Sipkin, Julian Mayerhofer, Cecil Ormond, Harold Harris, and Miss Sydney Blumenfeld.

Reservations for the luncheon are being accepted by Mrs. Sidney Loeb, 124 Hilldale drive, San Anselmo.

If Your Children Don't Know How To Swim, It's Your Fault

Have you ever been near when a child has drowned? Have you sensed the awful stillness death brings to a little body? I have. That's why I preach water safety. Water is fun, but the risks are great.

Can your children swim? If they cannot, it is your fault. I don't suggest you teach them yourself. Parents usually make poor swimming instructors. You'll be too anxious, and so will your children. Get in touch with the organizations sponsoring learn-to-swim campaigns this summer. They have trained instructors. The costs are low. Phone the Red Cross, the YWCA and the YMCA. Enroll your children now. Every American child should be a good swimmer. An amazing proportion of them can't swim at all.

Your toddler is another matter. He's too young to swim, but water fascinates him. If you let him wander near any body of water bigger than a wash basin, you are taking chances. Even a tub full of water can be fatal. So can a fishpond, a swimming pool, a stream. Stay close to your little one when there's water

around. Don't let him out of your sight.

How about yourself, and your spouse? Do you take reasonable precautions in the water? You shouldn't swim alone, for example. You should have a companion who swims well. Try always to swim near life-guards. Wait a reasonable time after meals before going in. Dive only in water of known depth, where there are no rocks or sandbars. Such rules make sense for adults as well as children.

READERS' FORUM

Q "Can't children stand to move? Our boy is 13. Back home he got along well at school and had many friends. We moved here one year ago. Our present neighborhood is quite different from our old one. Now he has few friends and got several F's on his report card. He's a different boy. What can we do?"

MRS. P. R. N.

A. Can you move back to your old home? Or to a neighborhood similar to it? Most children have similar troubles if they move from one kind of neighborhood into a radically different kind.

ALMANAC

Today is Monday, June 22, the 173rd day of the year, with 192 more days to follow in 1959.

The moon is approaching its last quarter.

The morning star is Saturn.

The evening stars are Mercury, Venus, Mars and Jupiter.

On this date in history: In 1851, fire destroyed 500 buildings in San Francisco.

In 1940, France signed an armistice with Germany, in the presence of Adolf Hitler.

In 1941, Germany invaded Russia.

In 1942, the post office sent its first micro-film "V Mail."

In 1943, the nation's worst race riot in 25 years came to an end in Detroit as federal troops took over. Thirty-four persons were killed in the three days of rioting, and at least 1,300 persons were arrested.

Thought for today: The French author Montaigne said, "Nothing is so firmly believed as what we least know."

SYMBOL OF PARIS

A barge floats along the Seine near the Eiffel Tower, by now the symbol of Paris. This and other Parisian sights will be on the list during the Independent-Journal's \$1,049, 20-day European Tour. You can see

this and many other famous European spots on the tour, co-sponsored by Trans World Airlines. Coupons appear regularly in the Independent-Journal. Fill one out to get your start for a trip to Europe via TWA.

Mom, Ankle Broken, Carried Off Mt. Tam In Stretcher

A San Francisco mother of four was carried over rugged terrain to an ambulance yesterday after breaking her left ankle on the western slope of Mt. Tamalpais.

Mrs. Anna Ryan, 38, started hiking the Dipsea from Tamalpais Valley to Stinson Beach in the morning with her husband, Cecil, and their four children, the oldest 12.

Shortly after noon, as they were nearing their destination, the hikers wandered off the trail. They were making their way up a hillside when Mrs. Ryan slipped and fell on some loose dirt, suffering the fracture.

Drunken Drivers Draw Sentences

Ralph William Gaitskill, 38, San Francisco restaurant operator, has paid \$250 fine for drunken driving.

Judge Richard M. Sims of Marin Municipal Court put Gaitskill on 90 days probation on condition he pay the fine and drive only for work and business, and not after drinking.

Gaitskill was caught on the north end of Golden Gate Bridge last June 2.

Frank Ross, 48, a laborer living at A-10, building 79, Marin City, must pay \$175 fine and drive only for work during a 90-day probationary period. He must not drive after drinking during probation. Ross was caught on Sir Francis Drake boulevard at Greenbrae last May 28.

Jobless Aid Bills Sent To Governor

SACRAMENTO (AP) — Two more bills to help jobless Californians await Gov. Edmund G. Brown's signature.

One extends unemployment benefits from 26 to 39 weeks whenever 6 per cent of the state's workers are unemployed. The author is Sen. George Miller Jr. (D-Martinez).

The other, by Assemblyman Eugene G. Nisbet (D-Upland), permits workers to receive supplemental benefits from employers under collective bargaining agreements without risking their rights to unemployment insurance.

Her husband made her comfortable and left her with the children. He walked to Panoramic Highway and hitchhiked a ride to Stinson Beach in a driven by Nancy Gladman of Oakland.

Ryan summoned help from Robert Carlson, supervisor of Stinson Beach State Park. Carlson Asst. Supervisor Eric Leffingwell and lifeguard Peter McLean to the accident scene with a wire basket stretcher.

Miss Gladman, meanwhile, had notified her father, D. A. E. Gladman, an Oakland physician with a summer house in Stinson Beach. He, too, drove to Mrs. Ryan's aid, arriving shortly after Leffingwell and McLean.

The injured woman was given sedation, then carried to the road by stretcher. She was placed in a waiting Marin Ambulance dispatched from Larkspur, and driven to Marin General Hospital. En route the fractured ankle was placed in a splint.

Mrs. Ryan later was transferred to St. Mary's Hospital in San Francisco. Her condition was reported satisfactory.

Marijuana Case Going Before Jury

Two cases of alleged child molest and a case of the flourishing marijuana "nursery" will be presented to the Marin County Grand Jury tonight.

Grand jurors will meet at 7:30 p.m. in the county courthouse to decide whether indictments should be filed against the following: Stanley Milton Trayner, 43, a grandfather living in Strawberry, who is accused of rape and lewd conduct toward a 14-year-old girl.

John Garvin Hicks, 62-year-old fruit vendor from San Francisco, who is charged with molesting young girls inside his truck at Marinwood last month.

Donald Phillip James, 25, of 59 Crown court, Mill Valley, who is accused of growing pot marijuana plants on the back porch of his home.

Hub School Budget

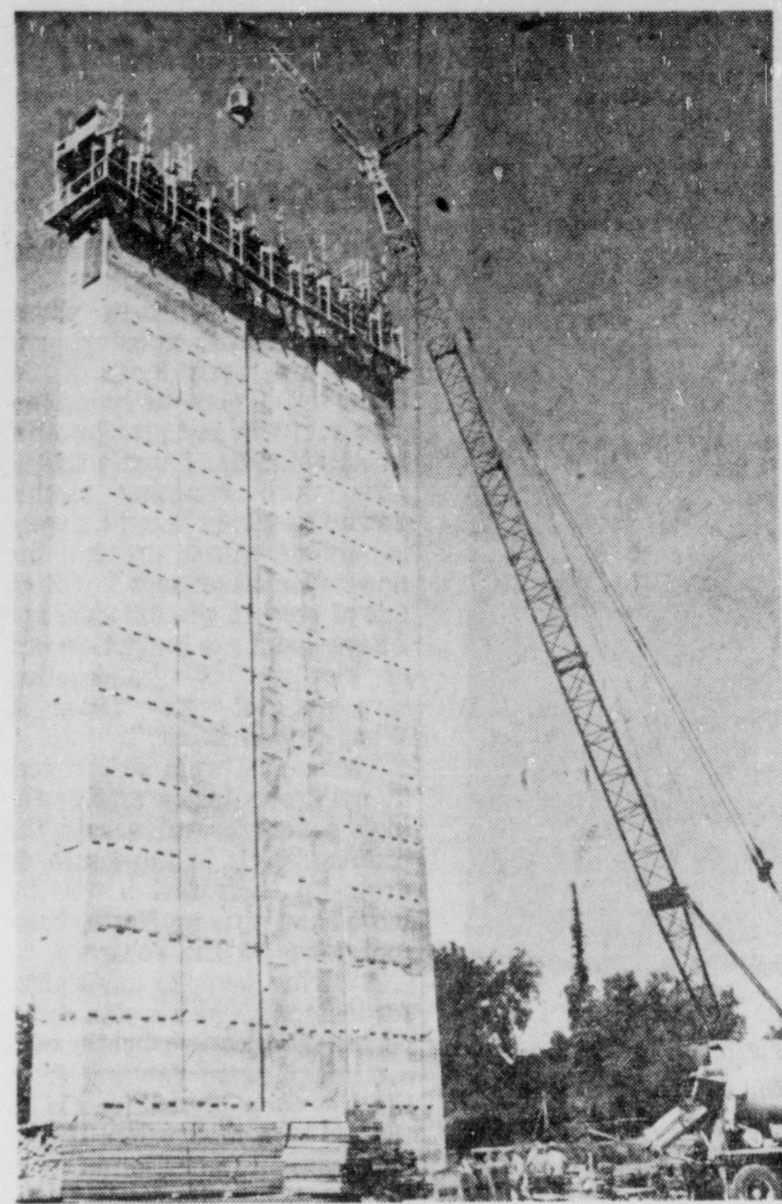

Trustees of the San Anselmo School District will meet at 8 p.m. tomorrow at Isabel Cook School to decide on teachers' salaries for the 1959-60 school year and to adopt a budget for the next fiscal year.

NEW DINING HALL ALMOST READY

The new \$480,000 airmen's dining hall at Hamilton Air Force Base is to be completed by July 10. The facility, under construction by Martinelli Construction Co. of San Francisco since April 8, 1958, will be capable of serving up to 400 hungry men per hour. The interior walls are lined with buff tile and off-white ceilings, and the latest in stainless

steel serving counters and coat racks and cooking equipment has been installed. The plant boasts of a kitchen with separate refrigerators for milk, vegetables, meat and garbage—the last to reduce odors. (This building was incorrectly identified in a picture in Friday's Independent-Journal as a dormitory at the air base.)

NEW SYSTEM—For the first time in the United States a building is being built in Palo Alto from the center out, around a 15-story core which houses the entire service facilities of the 101-apartment buildings. The system, developed in Sweden, starts with the core being built first with a "slip form" which moves upwards at the rate of an inch every five minutes. When the core is completed a "hammer-head" crane is erected on top and the rest of the building continues with all the materials being hoisted and placed with the crane (UPI Photo)

CORE GOES UP FIRST

Europe Introduces New Building Method

PALO ALTO (UPI)—A European construction method that may alter U. S. building practices has sent a concrete shaft soaring skyward here at a rapid pace.

Finishing touches were put on the 136-foot high central core of a \$3,500,000 deluxe apartment building, "The Palo Alto," last week, following an around-the-clock construction schedule that began only 10 days earlier.

Workers reached the 120-foot mark of the future 14-floor building after only four working days. The core measures eight feet, eight inches wide and 62 feet long at its base—and goes straight up.

NEXT, APARTMENTS

From the imposing central core, work will now begin on luxurious apartments that will extend from all four sides, supported by pre-stressed slabs of concrete and steel.

The method used by the Northbay Construction Company is the "slip-form central core system," used extensively in Sweden and other European countries for the past 10 years.

Workers pour concrete 24 hours a day into a movable form which is raised slowly through hydraulic pressure as the concrete underneath dries.

The form is raised one inch every five minutes.

WELL RECEIVED

Ray Jacobsen, president of the construction company and also contractor for the job, thinks the method will spread throughout the United States.

"We've been over-run on the job by engineers, architects and construction people," said Jacobsen, "and I think they liked what they saw."

This marks the first time the method has been tried on a major apartment job in the United States. It has been used

here for bridge piers, silos and other storage containers.

COPIED AN IDEA

"We've always specialized in the unusual," said Earl L. Dunn Jr., superintendent of construction for the job, "but this time we merely copied an idea from the Europeans. I suppose other American firms have just been afraid to take a gamble on something untried here."

"The entire method's a time-saver. We completed the shaft five months sooner than ordinary methods would have allowed us—and we were only 3/16 of one inch 'out-of-plumb.'"

BERLIN SPECIALTY

Jacobsen spent six weeks in Europe last year studying the method. Much of the study was in West Berlin, where nearly a dozen structures have been erected by the slip-form system.

He leased special hydraulic jacks from a firm in Stockholm, Sweden, and purchased a "Linden-climbing crane" which will arrive in this country soon.

The crane will sit atop the lofty concrete core and lift and lower building materials for all construction.

Robbery Suspect Pleads Innocent

Thomas Howard Jenkins, 24-year-old San Francisco glazer suspected of robbing an Alto service station Wednesday morning, pleaded innocent and was bound over to superior court.

Jenkins is defended by Deputy Public Defender Peter Allen Smith. Sheriff's deputies, who nabbed Jenkins near the scene of the crime, said Jenkins simulated a gun and robbed the Richfield station at Alto of \$107.

Deputies D. L. Greeson and Charles Rester located the getaway car abandoned by the roadside with a leaking radiator. Jenkins was trying to get away on foot when caught.

Bonsai Club To Meet

The Marin Bonsai Club will meet at 7:30 p.m. tomorrow at 306 Redhill avenue, San Anselmo, to see colored slides on various types of Bonsai trees. Members have been asked to bring to the meeting trees which they may exhibit at fairs this summer.

4-H Guide Dog Field Day Aug. 6

The 4-H Guide Dog Field Day will be held at Guide Dogs for the Blind, Inc., San Rafael Aug. 6.

William G. Schneeflock, Marin County Farm Advisor, said this event will be an opportunity for everyone to see the youngsters, work in raising puppies.

Opening ceremonies will be at 10 a.m. There will be continuous judging in several rings. The classes will be divided by age: under six months; over six months and under nine months; over nine months and under twelve months, and breeding stock and others over 12 months.

A trophy will be given to the winner in showmanship and condition, and obedience.

Each dog will be scored independently, and the top scoring dog from each class will be eligible to compete for the trophy. Ribbons will be given all competitors.

Guide Dogs for the Blind will furnish lunch and cold drinks.

Girl CAP Cadet On Trip To Seattle

Civil Air Patrol Cadet Karen Woodman, 17, of Terra Linda, was scheduled to leave this morning by plane from Hamilton Air Force Base for Boeing Field, Seattle, where she will participate in the Pacific Region CAP intra-regional exchange.

Karen, a first lieutenant from the headquarters cadet section of CAP California Wing, is the only cadet to represent Northern California in the exchange. She and three girls from the southern part of the state were selected as outstanding female cadets at a board of review conducted by regional headquarters officials at Hamilton in February. The Civil Air Patrol is an official but voluntary auxiliary of the U. S. Air Force.

The exchange is an annual event which gives cadets an opportunity to visit other air installations and increase their knowledge of aviation.

Cliff Badger will direct.

San Rafael High Gives Awards To Top Pupils

A whole raft of awards were made Friday morning at San Rafael High School's final assembly program.

John Taylor won a \$25 savings bond awarded by the American Assn. for the United Nations. The Optimist Club award for student activity, academic achievement and citizenship went to Brent Marshall.

Kathy Kuehn, chosen to visit a German family by the Experiment in International Living, was credited with \$100 for winning the California Savings and Loan League Medallion. The other San Rafael High School student chosen to spend a summer abroad is Jill Sigler, who will stay with a family in Istanbul, Turkey, under the American Field Service.

Vallejo Salesman Fined \$300 For Drunk Driving

Robert Burns Warrington, 56-year-old Vallejo salesman, must pay \$300 fine and drive only for work for the next six months because he drove while intoxicated on Highway 101 near Terra Linda last Dec. 14.

A jury heard the case before Judge Richard M. Sims of Marin Municipal Court and deliberated for 40 minutes before bringing in a guilty verdict Friday. Warrington is on one year probation, during which time he must not drive after drinking.

Under questioning by Assistant Dist. Atty. Roger P. Garety, Warrington admitted he had been drinking wine from a large bottle and also had a couple of beers that day.

He escaped a jail sentence because a prior drunken driving conviction, which occurred in 1954 in Crockett, was stricken from the records at the request of his lawyer, T. G. Fitzgerald.

Another drunken driver drew \$150 fine Friday. He is Army Sgt. Frank Junior Orr, 33, of C Battery, Second Missile Battalion near Santa Venetia.

Judge Sims put him on 90 days probation on condition he pay the fine, drive only for work and not after drinking. Orr was caught on Tiburon boulevard June 13.

Construction Activity Up Over May '58

Construction activity in Marin County continued on its buoyant way during May with building authorizations totaling \$4,116,982, according to the Marin Industrial Development Foundation.

The total last month represents a slight decrease of 2.4 per cent from April but a sizeable increase of 75 per cent over May last year.

In the countywide view, building permits issued in May were lower than the usual number in Marin's nine cities which came up with only 48 new residences and a total construction value of \$1,263,147.

The unincorporated areas of the county more than compensated with 141 new dwellings and a total construction value of \$3,853,835 aided materially by a \$1,240,000 contract for a high school in Terra Linda.

The Novato area led in residential construction with 54 new houses.

The first permanent English settlement in the new world was Jamestown, Va. The year was 1619.

Minton Named To Head Sausalito Recreation Body

John Minton, editorial staff member of employee publications at Standard Oil Company headquarters in San Francisco, has been named chairman of the Sausalito Recreation Commission.

He succeeds Robert C. LaFontaine who has retired.

The commission Thursday night reversed its position on possible abandonment of the Third street playground and withdrew its recommendation that it be closed. A recent survey indicated that the play spot was enjoying extensive use.

Commissioners discussed a possible contest to rename the former South School playground. Mrs. Phyllis Morena Alfred M. Arenz were designated to discuss the matter and report.

Minton reported there were 46 participants registered for the current tennis program.

Most Of Miller's Bills Get No Action; 3 Pass

Most of the bills introduced in the present session of Congress by Rep. Clement Miller of the First Congressional District have received no action, it was reported today by a service of the Congressional Quarterly in Washington, D.C.

Three bills have received passage. They are: one to designate Petaluma Creek as the Petaluma River; another designating Coyote Valley Reservoir as Lake Mendocino, and another to amend the Water Pollution Control Act to increase grants for the construction of

sewage treatment works. Reported out of committee is a bill to provide financial assistance for support of public schools by appropriating funds to the state to be used for constructing school facilities and for teachers' salaries.

The following bills, as of last Monday, had received no action:

To provide for federal assistance in development of irrigation in connection with non-federal municipal and industrial water projects; equalizing the pay of retired members of the armed forces; to authorize establishment of a youth conservation corps; to provide for special postage commemorating the 50th anniversary of the first landing of an airplane on board a ship by Eugene B. Ely at San Francisco in 1911.

To repeal excise tax on amounts paid for communications services or facilities; to increase amount of federal aid to state or territorial homes for support of disabled soldiers, sailors and airmen; to make general amendments to the Federal Credit Union Act; to provide for the granting of a non-quota immigrant status to certain immigrants who are close relatives of citizens of the U.S.

To increase the basic compensation paid to civilian keepers of lighthouses; to provide for the stabilization of the broiler and egg industries by instituting a program of marketing regulations; to provide for orderly marketing of poultry and poultry products and to assure consumers an adequate supply of poultry products of wholesome quality.

To provide for acceleration of the various reforestation programs of the Departments of Agriculture and Interior.

A joint resolution directing the Secretary of Agriculture to carry out a poultry diversion program.
